

SuperStratum[™]
PANELS

One **TOUGH** Panel

The most rugged
floor on the planet.

Made with

Ultimate Shed Floor Protection

SuperStratum Panels with Rhino Linings® coatings are here to take your shed flooring to the next level. These heavy duty panels are highly durable, with an impact-resistant surface, making them

virtually impervious to gas, oil, solvents, dirt and moisture. No more stress about ruining your shed floor. You won't even have to worry about delamination from everyday wear and tear.

The Rhino Linings coatings used in SuperStratum Panels are made from a proprietary blend designed to adhere to high-performance OSBs, giving you a panel that is more durable and structurally stiff than other competing shed floor products. These panels look great and are perfect for the everyday storage shed, workshop shed, or the he/she shed!

Features & Benefits:

- Unmatched durability
- Slip-resistant surface
- Virtually impervious to oil and moisture
