

Short Portrait of the Opportunity

This well-connected Agency has 20 promising football players under management and prepares to acquire another 20 players from well-known clubs.

About the Football Agency

The head of the Agency is FIFA certified and has more than 10 years experience in his field with a strong track-record, including the transfer of a world-famous player. He decided in to create his own Agency in January 2017 and has already contracted 20 young football players with the goal to sell them abroad.

The Market Opportunity

This is a rare opportunity to enter the lucrative international football business with up to 44% shares on board of a powerful Agency that is connected with the best clubs worldwide and in negotiation with dozens of talented young players ready to be sold within 3 years. All is set, the talent scouts are just waiting for their contracts.

The Vision

The Agency is preparing to extend its portfolio of young football players with the purpose to prepare and sell them to aspiring clubs abroad. With the invested capital, the operational team of the agency will be extended, talent scouting and the services to the players will be enforced.

The Added Value (USP)

1. Already 20 players under contract within only 1.5 years
2. Negotiations with players, scouts & clubs already initiated
3. Impressive returns expected due to recurring high commission rates
