The Woodbury Floorplan

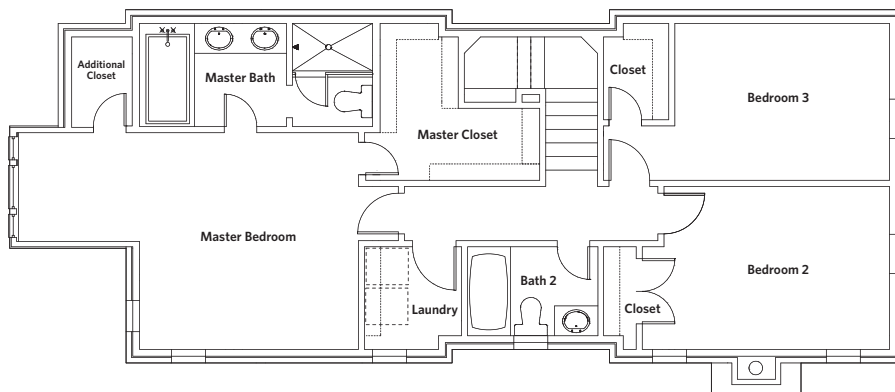

4 Bedroom, 3 Bath
2,261 sq. ft. conditioned approx.
Lot S-38

The Woodbury is one of the most exciting new home plans at Hampstead. It's gotten rave reviews since it was unveiling in 2018. This stunning 4 Bedroom Home is a 2-story house with one of the most popular architectural elevations at Hampstead! Enter into a popular open plan layout of dining and kitchen areas just left of the entry foyer. The gourmet kitchen features floor to ceiling custom cabinetry, gorgeous custom tile selections, stainless steel premium appliances, and great counter space. The living room with fireplace is filled with natural light. A flexible ground floor bedroom with bathroom could also be used as a study or formal dining room. Upstairs 3 bedrooms offer great children's rooms or guest rooms and a master suite with views that span the neighborhood.
