I love my new home, it is a wonderful place to live. My husband and I moved here three years ago in the cottages, he was diagnosed with Alzheimer's, so our son found this new home for us to be closer to our children. I have so much fun here and recently moved my sister from Austin here. I can't say enough great things about the staff here, they are like family, from the director to housekeeping. Everyone has made this my home.

This property is a model for how a retirement community should be run, it is immaculate and always smells wonderful, and has a welcoming appearance. Everyone seems so happy here, residents and staff, well done, well done.

Parc Place is a great place to live, it's like having "Heaven" on earth. The staff works hard to please and makes sure that everyone is safe and well taken care of. Parc Place is everything a person would need in the mature stage of life. It is a great, great place to live.

This is a great place to live, everyone is so nice, parties every week, live music, library, exercise room, movies, crafts, great food. I have been here almost two years, many more have lived here longer. I love it here and don't want to ever leave.

We have a great group of men living here. Every Tuesday and Thursday we get together for breakfast and visit. I enjoy playing pool with the guys and all the Men's Outings we go on each month. I am so happy to be living at Parc Place. It's absolutely the best decision I ever made.
