A Revolutionary
New Treatment Option

Life Changing Spinal Innovation

What do patients have to say about the benefits of the brace?

Relieves Pain

“Before I started wearing the brace, I was in excruciating pain. I wear it in the morning...and I’ll be good for the rest of the day.”

— Jennifer, CA

Improves Quality of Life

“I like the brace...I do a lot of things outside now that I have not done in 2-3 years...I shovel snow in it.”

— Larry, WI

Increases Mobility

“Walking and standing endurance has noticeably improved with the brace. It has made activity possible without becoming so easily fatigued.”

— Kay, AZ

Promotes Better Posture

“It helps me stand straighter and more secure. When I have it on, I feel my posture change.”

— Shelli, IL

Return to Lost Activities of Daily Living

“This has helped me do the day to day...Before the brace, I had a hard time sustaining cooking at the stove. With this brace, I’m able to enjoy that again.”

— Susan, IL

PEAK
SCOLI

What do the professionals think?

“The thing that stands out to me is that the patients continue to use it. They feel like they have a positive affect even when they are without the brace.”

— Pat, Certified Orthotist, IL

“Within a few minutes after we put the Peak on, she was more upright and her pain had been greatly reduced. I have been impressed with the immediate impact it has had on my patients’ pain level.”

— Gavin, Certified Orthotist, PA

Peak Scoliosis Bracing System

for Adults with Scoliosis

A whole new concept in care, this innovative bracing system is the only product on the market that provides adult scoliosis patients with immediate pain relief.

This unique unloader brace combines a 3-point support system with Aspen’s advanced tightening mechanism to:

- Provide significant pain relief
- Increase mobility
- Improve posture
- Enhance quality of life

Pads are placed in specific locations so that the appropriate force can be applied.

“There aren’t many options for people with adult scoliosis, and I have to say the brace gives me a measure of hope. When I feel better after I wear it, it’s a whole lot easier to live with scoliosis.”

— Kay, AZ
