

Grant Program - Guidelines and Procedures

The Schmeeckle Private Foundation is a family foundation serving Martin County, Minnesota. The Foundation is carrying on the legacy of long-time Martin County resident Juanita Ellen (Teubner) Schmeeckle to provide grants for the betterment of Martin County. The Foundation has three principal interest areas of funding which include: early childhood care and education, serving the disabled and elderly, and the arts. Grants will be awarded to organizations with 501(c)(3) status who serve the communities located in Martin County. A match is required on all grants.

Community Challenge:

A major intent of this grant program is to receive and successfully implement new ideas, provide working relationships with other non-profit organizations, and spur new financial and other commitments from the community to show support for projects that will improve and benefit Martin County, Minnesota.

Innovation is what is important, but before innovation there must be new ideas and plans to apply those ideas. We want to help organizations try new things. Will there be failures? Of course, but that is how we learn. And by learning, we all move forward and show how other non-profits can facilitate their missions.

We realize that these criteria are probably different from what you may be used to in other grant applications. That is intentional. ***Are you up to the challenge?***

Questions to be Answered:

Preference is given to grant applicants that answer these questions: Does your project seem innovative to you; Will your project create new ways of doing business not only for your organization, but for other organizations; Is your project new for your organization or built on other ideas; Is your project collaborative with other non-profits; Does your project raise community involvement to a new level; What new investment funds are anticipated; Will your project help grow and improve the quality of life for all in Martin County; Will your project become self-sustaining; Will your project make day to day life easier and better for all in Martin County

The above are not the only things you can tell us about, but please try to address as many as you can with as much specificity as you can as to how you expect to achieve your dreams and your vision. Important factors are: inspiration for other organizations, solution for other similar problems, recognizing and taking advantage of opportunities, long term effects, and sustainability. Again, we realize that these criteria are probably different from what you may be used to in other grant applications. That is intentional. ***Are you up to the challenge?***

FOCUS AREAS:

Early Childhood Care and Education

The Schmeeckle Foundation is focusing grant funds on affordable child care, affordable pre-kindergarten education, educational programs for students, and college scholarships that are available to carry on one’s education. The goal of this focus area is to ensure Martin County is a place where young families can live and raise their children with available resources that enable the children of Martin County to be ready to learn and succeed, and to provide them with the educational programs and opportunities that will lead them on the path to success.

Disabled and Elderly

The Schmeeckle Foundation is focusing grant funds to help ensure the disabled in need have the resources available to assist them so they will have access to high quality programs that empower them to make their way productively and creatively in their communities. The Schmeeckle Foundation is also focusing grant funds to help the elderly with resources and programs to support their well-being ensuring they have the care and housing needed to enjoy their retirement in Martin County.

Arts

The Schmeeckle Foundation is focusing grant funds to enhance the Arts opportunities in Martin County ensuring future generations living in Martin County will have even greater places and resources to live and raise a family.
