

SONNENKRAFT[®]

Your future is renewable – with us since 1993

Together with **SONNENKRAFT**
towards energy independence

**SAY YES TO
RENEWABLE!**

www.sonnenkraft.com

EXACTLY THE RIGHT DECISION

Since **more than 20 years** SONNENKRAFT is a reliable partner for private persons and companies who actively promote the switch to renewable energy.

Together with you - our customers - we want to find the best solution for your requirements.

Our products are **produced in Europe** and they are constantly developed to guarantee the best possible quality also in the future.

WHY SOLARENERGY FROM SONNENKRAFT?

RENEWABLE

Renewable energy is clean, effective and silent. It prevents the exploitation of nature and helps to preserve our planet for our children and grandchildren.

ECONOMICAL

After installation, the energy of the sun will be free forever. The higher oil and gas prices increase in the future, the higher your savings will be.

INDEPENDENT

With renewable energy we ensure the greatest possible independence from fossil energy sources.

EASY

with our customer-oriented product range we can offer everybody the appropriate energy solution

EFFICIENT

SONNENKRAFT ensures that every component of an installation fits together perfectly and obtains the optimum effect

EXTRA

The sun always provides more energy than necessary. This is also our daily requirement: the Extra for our SONNENKRAFT partners and customers.

THE FUTURE IS SUNNY

By switching to renewable energy, you do something good for yourself and for the environment. Why? Because the sun and also our environment release large quantities of energy day by day.

**100 % CLEAN AND FREE
OF CHARGES**

With your SONNENKRAFT installation you may get

1.870 KILOGRAM CO₂
SAVING PER YEAR

14.145 KM
BY CAR

117 TREES
FOR CO₂-PRODUCTION

The example, has to be calculated individually for each household.

**ALL FROM
ONE HAND!**

COMPLETE CARE

SONNENKRAFT supports his partners in advising, planning, installation, maintenance and service.

This way each partner obtains the right solution and we support you when ever needed.

SHOWER WITH THE SUN

With a SONNENKRAFT solar installation, you may cover up to 70 % of the entire hot water consumption with highest European quality!

The installation guarantees a permanent power supply as well as a positive influence on the environment.

HEATING WITH THE SUN

With SONNENKRAFT you may not only take a hot shower, but also heat up your living space!

You may cover up to 25% of a household's heating demand and up to 70% of the hot water demand with the SONNENKRAFT solarsolution.

Such a system combined with a heat pump covers even up to 75 % of the heating demand and up to 90 % of the hot water demand!

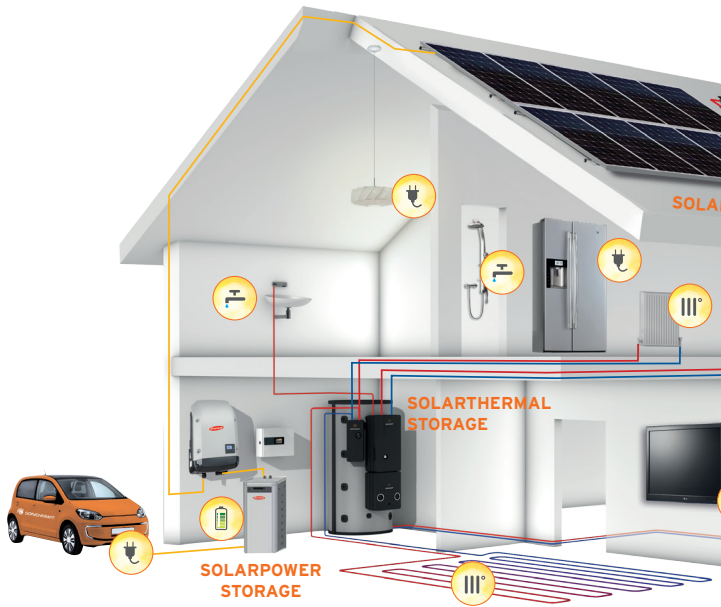

LIGHT FROM THE SUN

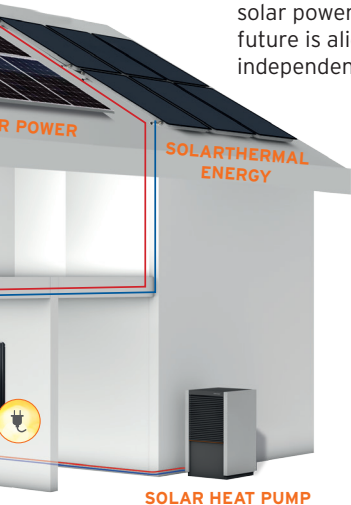

From the generation of solar electricity for the household up to the complete energy independence - SONNENKRAFT makes it possible!

Use the power of the sun to generate energy!
Be independent - The sun is free for everyone!

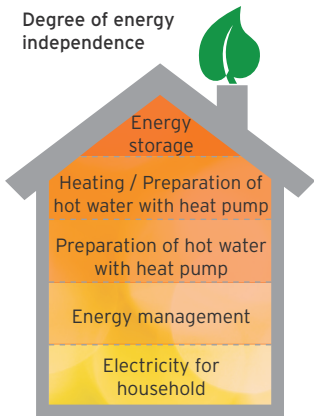

ENERGY INDEPENDENCE

The future of the energy has already started!
With a modern system solution from SONNENKRAFT consisting of solar thermal, solar power (PV) and heat pump your future is aligned completely at energy independence!

Degree of energy independence

OUR RESPONSIBILITY

The brand SONNENKRAFT stands for quality, competence and innovation. Behind the brand are people who ensure that we can meet this reputation day by day.

Teams of experienced and young employees are working together on the technological challenges of tomorrow and are bringing energy efficient solutions to the market.

Our aim is the common success.

Subject to technical changes, misprints. Pictures are exemplary.
