WHY BAMBOO?

Bamboo is 100% biodegradable, requires no pesticides and is the fastest growing plant on the planet. It is the primary source of this eco-friendly, soft to the touch, miracle fabric. Boody® Fabric is hypoallergenic and superbly soft. Bamboo fibers are not chemically treated. The fibers are naturally smooth and round with no sharp spurs to irritate the skin.

BOODY® IS HEALTHY

Boody® is naturally antibacterial, antifungal and odor-resistant. Bamboo retains these properties even after multiple washings. Boody® is more breathable than cotton, making it the perfect choice for warm weather, travel, working out or everyday comfort. Anti-static. No more clinging! Whether active in the gym or yoga studio, or simply running daily errands around town, active women and men want to feel better and more comfortable, and know they are being eco-conscious.

BOODY® IS PLANET FRIENDLY

FOR WOMEN

SHAPER BRA

A pet peeve for some of us is the hardware used for some of these bras we have worn. That's why we designed this shaper bra with absolutely no buckles, clasps or underwires that can pinch, squeeze or press on your skin. The contour ribbed soft- straps are just wide enough without being conspicuous. All-in-all a perfect product.

TANK TOP

Tucked in, or worn out, a tank should hug to your shape, just like ours, and should reach down far enough to avoid that uncomfortable feeling you get that too much is showing when you bend over. No cable guy here. Oh, and did we say it feels great, too?

WOMEN SOCKS

Boody® Socks are cool comfort afforded by bamboo's natural thermo-regulating and moisture absorbing properties. Odour reducing — natural bamboo cells inhibit growth of odour producing bacteria. Bamboo softly conforms to the foot for extra comfort. Thin and low cut — great for sneakers and inside boots.

FOR WOMEN

EVERYDAY SOCK

Sometimes, when wearing boots or pants, you may want a silky smooth sock that feels great, rises high enough and stays in place. Really, is there anything worse than having to reach down and pull up your socks? Not with the all day, every day sock. It's a full coverage approach to socks.

BLACK \$7.95

SPORTS ANKLE SOCK

When you're bouncing around town, or doing your thing on the elliptical the extra padding on these sports socks keep your feet from getting tired as quickly and make it just a bit more comfy for you. Can we say they will add a bounce to your step? I guess we just did.

When the fashion of the moment is to show just a little, but not too much (we're talking socks here, ladies) we've got the soft, cushy, thermo-controlled, low cut, fashionista socks for you. Perfect for your favorite white sneakers, or inside a nice pair of boots, these socks are anti-bacterial and anti-microbial and they hug to your shape.

BLACK \$7.95

BLACK \$7.95

LINER SOCK

If you can believe it, this is more hidden than our hidden sock. This is a personal thing. If you need a little more toe-cleavage, this is for you. And, we guarantee, it won't slip off.

FOR MEN

CREW NECK T-SHIRT

FOR MEN

BUSINESS SOCK

Boody socks are all anti-microbial and anti-bacterial giving you the confidence that they will be odor reducing regardless of the heavy lifting being done behind the desk, or out on the road. The smooth, black fabric will provide a great look when you cross your legs in the office and show just a bit of sock.

WORK / BOOT SOCK

Super, heavy thickness for use in a pair of workboots or cowboy boots, or those après ski boots. What's best about that, though, is the fact that bamboo minimizes dampness, which means they feel better on your feet AND without that extra moisture you really do reduce the odor that can come from those situations. Treat yourself, and everyone around you.

Sometimes you can have too much of a good thing. That's why we've designed low cut socks for sneakers (or boots) when you just don't want too much fabric above the edge. Still our famously, soft, foot-conforming bamboo fabric, and with all the antis (microbial and bacterial) that you love. Like walking on clouds...albeit low clouds.
