

National Minority Technology Council

# STARS Contractor Team Arrangement

## NMTCUSA

**NMTCUSA provides our members with "single solution" approaches that programmatically increase the visibility and the competitive edge for Minority Technology Companies across the US. The new market capabilities born from the inductive ecosystem that trust and process unites will increase market share and allow both agency and a share in the rewards born from alliance partnerships.**

**By integrating different skills and complementary capabilities additional opportunities will unveil themselves while maximizing the use of multiple GSA schedules. NMTCUSA's Team Lead and Technical Assistance approach allows for emerging companies to connect with Federal, State, and Local Procurements.**

NMTCUSA

# Single Solution Framework

## Changing the competitive landscape

Teaming Agreements are an everyday occurrence in Public Sector contracting. Contractors typically enter into teaming agreements to formalize their relationship while pursuing a federal, state or local contract. If a contract is awarded to the lead contractor, the normal expectation is that the parties will then perform the work according to mutually acceptable terms.

Under our STARS Contractor Team Arrangement (SCTA), two or more GSA Schedule contractors work together to meet ordering activity needs. By complementing each other's capabilities the team offers a total solution to the ordering activity's requirement, providing a "win-win" situation for all parties.

The National Minority Technology Council's NMTCUSA **Team Formation Process** ensures governance and scalability of each team's capability and capacity to perform.

# Contractor Team Arrangement SBA/GSA Minority Industry Partners

The following 6 pages list the approved STARS II Industry Partner list as approved by the Federal government 10/10/2014. The 8(a) Streamlined Technology Application Resource for Services (STARS) II Governmentwide Acquisition Contract (GWAC) – “8(a) STARS II”, a/k/a “STARS II”, is a Multiple Award (MA), Indefinite-Delivery, Indefinite-Quantity (IDIQ) contract to provide information technology (IT) services and IT services-based solutions which may include the integration of ancillary support which is necessary and integral to the IT services being acquired. STARS II is reserved for qualifying Small Business Administration (SBA) certified 8(a) prime contractors with competitive prices. The scope of the contract will be based on four Functional Areas (FAs), each grounded in one of four NAICS codes and their respective definitions.

FA1:NAICS 541511 -Custom Computer Programming Services

FA2:NAICS 541512 -Computer Systems Design Services

FA3:NAICS 541513 -Computer Facilities Management Services

FA4:NAICS 541519 - Other Computer Related Services

The National Minority Technology Council is exclusively working to provide Contractor Team Arrangements that include an Alliance Partnership made up of STARS II Industry Partners. This allows NMTC an opportunity to work with a pre-selected group of minority ICT vendors who encompass both the STARS II contract and who also have a GSA Schedule 70 Contract with the Federal Government.

NMTC is in negotiations with State, Local, Higher Education, K-12, NGO, Commercial and International (Including Countries) buyers. Our IMPACT 2015 Initiative began the outreach and vendor governance process to our qualified minority ICT vendors. We will eventually allow for subcontract vendor relationships with NMTCUSA’s STARS CTA Alliance.
