"We use Les Olson Company as our supplier for copy machines and copy supplies. **We are HIGHLY satisfied with the service we get!** When we order supplies (staples, toner, etc), they deliver EXTREMELY quick! Randy is a great rep and everyone we deal with is very pleasant! Thanks for the great service, Les Olson!"

Juliann ★★★★★

"I've been working with Les Olson Company for the past 4 years and they always provide excellent customer service! We tried using a standard copy/scanner machine and it just wasn't able to keep up with our growing business. Les Olson's guys came out, gave us an awesome offer for a copier, and allowed us to finance it to work into our budget as a company.

Not only are their sales people helpful and knowledgeable, their IT department rocks! Anytime I need help with my scanner or other aspects, they respond immediately either by phone or in person! Today, I needed a part, and Randy Whipple our sales guy brought it out to me by the end of the day so I didn't lose any work time! **These guys rock!**"
