OUR MISSION

Toronto is a BOLD city with passion and creativity busting out of our boroughs!

We can't wait to be the event to showcase the most creative and daring entrepreneurs in the GTA that are taking risks and making a difference to the landscape of business in the city.

OUR FOUNDER

Ashe Woodward (pictured left in red), is a local entrepreneur who lives to champion our city's creative talent.

Ashe has helped hundreds of people upgrade their skills to create new business in the GTA and around the world.

She works to bring new brands, bands and speakers to the public so everyone can see the amazing businesses we have in Canada!

"Yolopalooza helped me create momentum in my business and secure clients for months to follow."
