ANGULARJS STUDENT JOB

Filestage is a cutting-edge web application for advertising agencies and media companies.

www.filestage.io

YOUR JOB

- ✓ You will develop exciting features for our **AngularJS single-page application** with our backend, frontend and UX team.

- ✓ You will learn how to ship maintainable and scalable code like a boss – from the first wireframe to happy clients.

YOUR PROFILE

- ✓ You enjoy teamwork?

- ✓ You love web development?

- ✓ You are experienced in software development, especially with AngularJS?

- ✓ Join our Berlin or Stuttgart office – or be part of our worldwide remote team.

THIS IS WHAT YOU GET

Have you dreamt of working in a promising start-up? You will experience the daily challenges of entrepreneurship and will develop features for **clients like Netflix**. And you will have a lot of fun!

ARE YOU READY?

We are looking forward to your application! Please send your short letter of motivation and your CV to Niklas (niklas.dorn@filestage.io).   Filestage GmbH, Heidehofstr. 9, 70184 Stuttgart
