

The new **DINGO** *eye^otie* trays combine the best of steel and alloy trays, with the revolutionary Eye-Tie System. Don't buy a tray for your ute until you have checked out the Dingo tray.

Powder coated steel frame for strength

Aluminium sides & floor to keep the weight down

Patented EYE-TIE, tie down points around the whole tray

Adjustable ladder rack

Space for ramps or drawers

Steps to help you up onto the tray

Optional steel tool boxes

Optional water tanks

Optional light brackets

Optional 12 volt plug

Available for single cab, space cab, and dual cab utes, there are fitting kits available for all popular brands with delivery Australia wide.

Or you can visit your nearest **EYE-TIE** ute tray dealer.

WHY *eye^otie*?

We tie through the eyes.

Ropes are history. All brands of straps and nets can utilise the **EYE-TIE** system.
