---

Depart Australia on your international economy flight.

### **Day 2: Sat 02 Dec: Arrive Tel Aviv Airport - Gezer Archaeological site. Lunch on the way to the Dead Sea.**

Welcome to the Holy land. On our way to the Dead Sea we will visit Gezer, situated near the International Coastal Highway and guarding the primary route into the Israelite hill country, Gezer was one of the most strategic cities in the Canaanite and Israelite periods. Gezer is a prominent 33-acre site that overlooked the Aijalon Valley and the road leading through it to Jerusalem. The 'tell' was identified as biblical Gezer in 1871. We then make our way to the Dead Sea, also known in the Bible as the "Salt Sea" or the "Sea of the Arabah," this inland body of water is appropriately named because its high mineral content allows nothing to live in its waters. Other post-biblical names for the Dead Sea include the "Sea of Sodom," the "Sea of Lot," the "Sea of Asphalt" and the "Stinking Sea." In the Crusader period, it was sometimes called the "Devil's Sea." All of these names reflect something of the nature of this lake.

*Overnight: Dead Sea – David Hotel*

### **Day 3: Sun 03 Dec: Tel Arad, Tel Beer Sheva, Anzac Cemetery & Museum. Masada.**

---

Our experience today is through the desert wilderness region. Like many cities in the Holy Land, Arad was repeatedly settled because of its strategic geographical location. Though situated in an area with little rainfall, Arad was inhabited frequently in ancient times because of its position along the routes coming from the east and southeast. Beersheba (also spelled Beer-Sheva) is the largest city in the Negev desert of southern Israel. Often referred to as the "Capital of the Negev". During our time here we will visit the ANZAC memorial and museum where many Australians were based during World Wars I & II. On our way back to the Dead Sea we visit Masada, an ancient fortress in southern Israel's Judean Desert. It's on a massive plateau overlooking the Dead Sea. The fortifications were built around 30 BC. Among the ruins are King Herod's Palace which sprawls over 3 rock terraces, and a Roman-style bathhouse with mosaic floors. The Masada Museum has archaeological exhibits and recreations of historical scenes. Masada was the last stronghold of the Jews after the destruction of the Second Temple in 70 AD.
