Daily Tasks:

- Constantly review product listing performance across all marketplaces including analysis of competitors.
- Suggest recommendations based on your findings, communicate across different departments and implement them where applicable.
- Use AB testing to review and enhance product listings across marketplaces to ensure high ranking.
- Research and collate market, consumer, seasonal and competitor data.
- Research what performs well across all current and new marketplaces using various tools available.
- Design and develop reports utilising existing systems.
- Keep up to date with current and future product trends.
- Use findings to create new ideas for commercially successful products.
- Expand on existing product ranges.
- Negotiate with suppliers.
- Encourage the commercial success of new products.

Key Skills Required:

- Strong commercial awareness.
- Good maths skills.
- Forward-thinking, innovative and pro-active.
- Excellent knowledge of Microsoft Office, including Excel.
- Experience in an analytical or buying role would be beneficial.
- E-Commerce knowledge would be advantageous.

Working hours: Full time, Monday to Friday 8.00am to 4:30pm (37.5hrs per week with 1 hour for lunch).
