

Creating opportunity

D2L Connections Event 2022

Samuel Tanner

Head of Flexible & Work-Integrated Learning

University, reimagined

We're creating the university of the future. A university where each student's journey is built specifically around their own needs, ambitions, and expectations. Where they can feel supported, inspired, and appreciated.

Creating opportunity

We will weave face-to-face and digital provision seamlessly into all our programmes so students can plot their own routes through our courses.

Our global community of lifelong learners has access to flexible courses of equal quality to our celebrated campus provision.

Our delivery of social mobility through parity of outcomes has bestowed international recognition.

Research Excellence Framework 2021

83% of our research activity classed as world-leading or internationally excellent.

Modern University of the Year

NTU is proud to be The Times and The Sunday Times Modern University of the Year 2023.

Top 5 most sustainable university in the world

SCALE-UP

SCALE-UP (Student-Centred Active Learning Environment with Upside-down Pedagogies) is an innovative active, collaborative learning approach which is used extensively across NTU. SCALE-UP is associated with reduced progression gaps, reduced attainment gaps, improvements in attendance, and improvements in engagement, particularly for our Success for All groups.

Student Engagement Dashboard

The Student Dashboard is an award-winning learning analytics system to help students manage their learning and enable University staff to provide better more personalised support.

Mansfield University Hub

At NTU in Mansfield we provide access to alternative routes in higher education where you can study qualifications, including Apprenticeships and higher national qualifications; foundation, top-up and bachelor (honours) degrees.

We've built qualifications with the local job market in mind. Each of our higher education courses is relevant, hands-on and work focused.

Each qualifications is flexibly delivered over two or three days, using block delivery, innovative teaching spaces, and small class sizes.

How to move a
University focused on
campus undergraduates
to the hyperflexible
future?

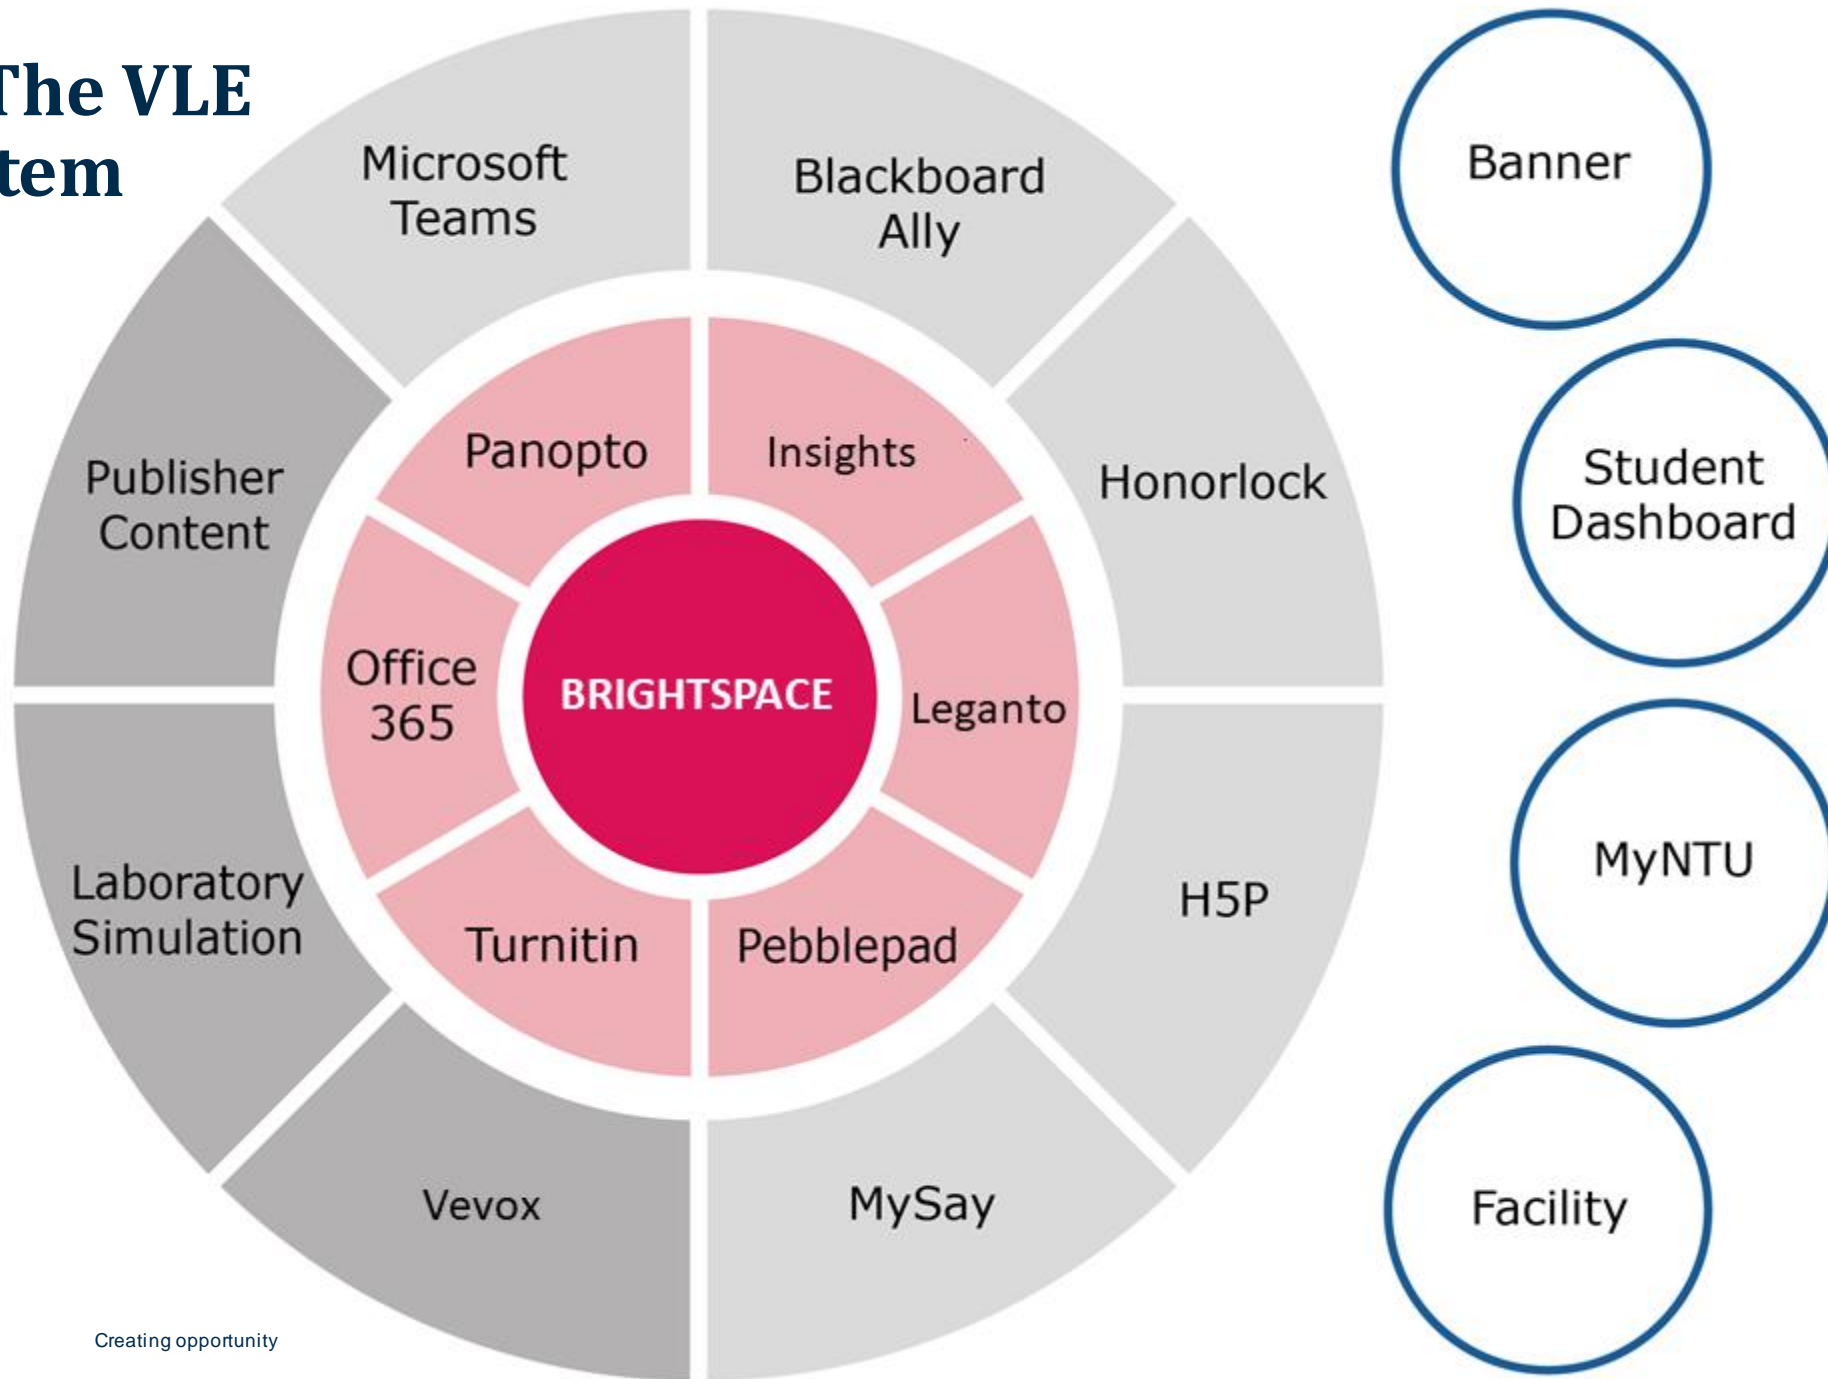

FlexNTU

Walking the road while building it

1. Flex first for new courses
2. One online module for 84% of students by 2026
3. Build ability to design and teach online
