Vantage Recovery[®]

Injuries and chronic illnesses do not discriminate. They strike people of all ages, both working and retired, and can be financially overwhelming—especially if you and your family are unprepared. Confinement in a nursing facility or medically necessary care from a licensed home health care agency can definitely put strain on your wallet.

Many individuals cannot afford the expenses incurred during this stressful time, but there is a viable option. You can choose the coverage that works best for you and your financial situation and take some of the worry out of your recovery with our short-term care solution, Vantage Recovery.

Benefits of Short-Term Care coverage:

A Vantage Recovery policy from Bankers Fidelity may cover daily expenses for a period of confinement in a nursing facility with premiums that can be more affordable than long-term care options. Additional benefits include:

- ▶ Issue ages 18–85
- ▶ Select daily benefits of \$30 to \$300 and benefit periods of 90, 180, 270, or 360 days.^{*†}
- ▶ Elimination Period options, 0 or 20 days
- ▶ Unisex rates

How it works:

It's recovery on your terms.

- ▶ **Your choice of care**—Regardless of how you receive care, whether it's a short stay in nursing facility for rehabilitation or you receive care from a licensed home health care agency in your own home.
- ▶ **No prior hospitalization is required**—You don't need to have been admitted to a hospital to be eligible for benefits to cover recuperation and rehabilitation from surgery, injury, or illness.
- ▶ **Choose the coverage that fits you and your budget**—Select daily benefits of up to \$300 and benefit periods of 90, 180, 270, or 360 days. Benefits can begin as early as day one or as late as 20 days after nursing home confinement or home health care begins.

Restoration of Benefits (example):

How it can help:

It is Guaranteed Renewable for Life. Once you have a Vantage Recovery insurance policy with Bankers Fidelity, you can rest assured you'll have it for life. Your policy cannot be canceled due to any changes in your health, as long as you pay your premiums on time. Once you have received benefits for the maximum number of days payable under the policy, and no further benefits will become payable, the policy will terminate.

Pays benefits for Alzheimer's Disease. Cognitive impairments, including Alzheimer's disease, senile dementia and Parkinson's disease are covered the same as any other illness.

Vantage Recovery pays benefits when your physician deems a stay at a nursing facility medically necessary and you are unable to perform at least two of the six Activities of Daily Living (ADLs). These ADLs are:

- **Transferring**—otherwise known as functional mobility, which includes the ability to walk and get in and out of bed and chairs
- **Dressing**—the ability to select appropriate clothing and dress oneself
- **Toileting**—getting to and from the toilet, sitting down and standing back up, and cleaning oneself after use
- **Eating**—the ability to feed oneself, not including the preparation of food
- **Continence**—the ability, both physical and mental, to use the restroom
- **Bathing**—the ability to wash oneself without assistance and get in and out of a tub or shower
