# ABOUT ME

Hello, everyone! I'm Alejandra Divo, and I'm excited to share a bit about myself. I was born in the heart of Venezuela, where my love for fashion and creativity began to blossom. From a young age, I always knew I wanted to share my passion with the world.

I created content about fashion and lifestyle. Quickly, my vision expanded, and I embarked on the thrilling adventure of being a blogger, model, and ultimately, an influencer. My goal has always been to inspire others to embrace their authenticity and express themselves through fashion.

Currently, I split my time between the United States and my beautiful native country, Venezuela. This cultural duality has enriched my perspective and influenced my unique style. Since 2008, I've called Miami my home, where I've had the incredible opportunity to immerse myself in new cultures, expand my knowledge, and refine my taste for fashion.

In addition to my passion for fashion, I have a previous chapter as a retired athlete in equestrian sports. This experience has contributed to my determination and work ethic, elements that I now apply to my career in social media.

I invite you to follow my journey on [[@alejandrdivo](#)], where I share my life, my style, and everything that inspires me. Thank you for being part of this amazing community!

I specialize in delivering clean and amazing promotional content for each social media channel. Magazines have recognized me as one of the most important and visible influencers in America.

I am selective in partnering with brands, choosing only those I love and that share the same core values. My approach involves personalized content creation to fulfill the goals of the brand.

I employ diverse marketing strategies to be unique and garner the best feedback from my followers. Rest assured, I will ensure the delivery of final content that meets your satisfaction.
