Bliss
for babies born
premature or sick

Bliss is the UK's leading charity for babies born premature or sick. Bliss champions the right for every baby born premature or sick to receive the best care. They achieve this by empowering families, influencing policy and practice, and enabling life-changing research.

Registered charity no. 1002973; Scottish registered charity SC040878

To order more premature-size nappies, see inside.

She may be early, but she's not alone.

We're by her side with our specially designed nappies for premature babies.

Pampers is proud to be part of premature babies' support team

Being born prematurely can feel like a lonely experience for a baby, especially during a pandemic. With the help of healthcare professionals and their own families, those babies may be early but they're not alone. Pampers are part of the team supporting their early development with a nappy designed especially for a premature baby's particular needs. Working together with neonatal nurses, we've crafted Pampers premature-size to enable everyone in the support team to perform their role with ease. Nappy-changing is now simpler, carers can adjust a baby's monitors and leads effectively, and through it all, preemies can experience the gentleness and skin protection of Pampers. It's a team effort, giving our earliest arrivals the back-up they need.

Pampers donate premature nappies to UK hospitals

Around 60,000 babies are born prematurely in the UK every year. That's around 1 in 13 of all births. We're proud to be donating thousands of our smallest nappies to neonatal units nationwide. And it's simple to ensure the premature babies in your hospital have plenty of free premature-size ready and waiting for them. Just email Pampers today to top up supplies.

Healthcare Professionals: **Order your free nappies by emailing pampers.preemies@sykes.com**

ALL-OVER FASTENING

Allows for a customisable fit to adapt around medical leads and lines, helping to minimise disruption and irritation during nappy-change when baby is asleep.

CONTOUR FIT CORE

Provides a narrow, contoured fit between the legs, allowing baby's legs and hips to rest comfortably, supporting their healthy development.

ALL-AROUND ABSORBENCY

No front or back, with end-to-end absorbency, providing all-around leakage protection, no matter what positions baby is in.

ABSORB AWAY LINER

Quickly pulls wetness and runny mess away from baby's skin into the core of the nappy, helping to keep baby's delicate skin dry whilst asleep.

We're proud to be donating thousands of our smallest nappies to neonatal units nationwide.
