Vitamin D ,(Min).....	15,000	IU/lb
Vitamin E ,(Min).....	150	IU/lb

WARNING:

CAUTION: Follow Label Directions. The addition to feeds of higher levels of this product containing Selenium is not permitted.

Store in a Cool, Dry Environment

WARNING: This product contains copper. Do not feed to sheep.

INGREDIENTS:

Monocalcium Phosphate, Calcium Carbonate, Processed Grain By-Products, Salt, Molasses Products, Magnesium Oxide, Vegetable Oil, Zinc Sulfate, Calcium Stearate, Manganese Sulfate, Copper Sulfate, Sodium Selenite, DL-Alpha Tocopheryl Acetate (Source of Vitamin E Activity), Copper Chloride, Vitamin A Supplement, Vitamin D3 Supplement, and Ethylenediamine Dihydroiodide, and Cobalt Carbonate.

DIRECTIONS FOR USE:

FBN PASTURE MINERAL 16:8 is recommended for free-choice feeding for all cattle receiving rations composed mostly of grass hay, grazing range or grass pastures. Optimum intake is 2 to 2.75 oz per head daily. Maximum intake is 4 oz (0.25 lb) per head daily.

Cattle, which have been receiving phosphorous-deficient diets, may over consume FBN PASTURE MINERAL 16:8 when first offered. During the first 5 to 7 days of free-choice feeding, limit the offered mineral to 1 lb for every 5 to 8 head per day.

To help assure adequate mineral intake, remove all other salt and mineral products. Have adequate water supply available and place the mineral feeder near the water supply or in the animals' loafing area. Put out fresh mineral at least once a week. An upright covered mineral feeder is recommended to protect the mineral from weather.

Formula Code: X00000

NET WT. 50 lbs. (22.68 Kg)
