

The University of Applied Sciences Europe – Iserlohn, Berlin, Hamburg educates the designers and decisions-makers of tomorrow in the four faculties of Business, Psychology, Media, Sport and Design. It came into existence in 2017 after the merge of BTK University of Art & Design and BiTS University of Business Leadership. The University of Applied Sciences Europe is member of Global University Systems (GUS) and opens up unlimited career opportunities to its students by awarding a degree with an international reputation. The HTK - Academy of Design is also part of our GUS network and has trained thousands of successful communication designers for a diverse range of creative professions in the international design industry.

The synergy of creativity, entrepreneurial digital thinking, and internationality mutually enriches the faculties and leads to new perspectives in teaching and research, meeting the needs of the job market in the 4.0 era.
