OUR FOCUS

MULTI-FAMILY PROFILES

Not every household is the same, so we wanted to make sure we could include everyone on PopRx. Users can upload up to 6 family members and manage their family's health.

PROMOTIONS

Our loyalty-code engine can help you promote specific products, services, and events at your pharmacy. Want to promote your latest in-store special? We'll make sure all your patients know about it.

INSURANCE

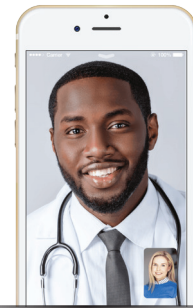

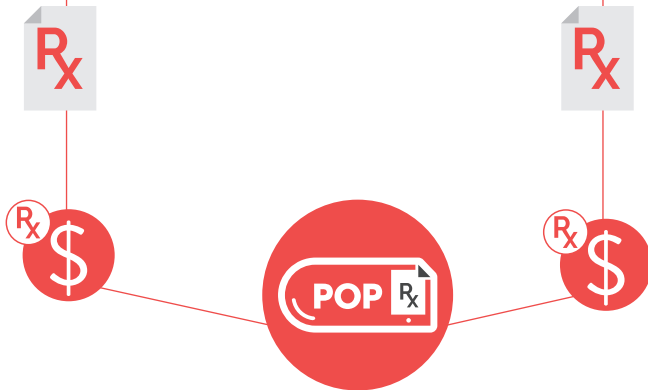

Patients can upload their existing insurance information, so you always have it on file. PopRx is also the exclusive provider of the digital InnoCares card (in-app) so that patients always get the best deal and keep coming back to you.

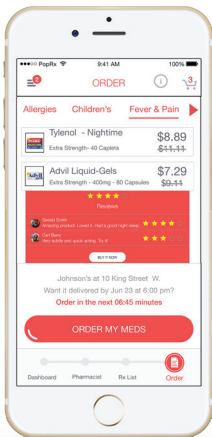

TELEHEALTH PARTNERS

ASK THE DOCTOR?

AKIRA

Get connected to all the newest Telehealth players in Canada with PopRx. PopRx connects you with major Canadian Telehealth players, such as Ask The Doctor and AKIRA. New streams of prescriptions are ready and waiting for you to get connected.

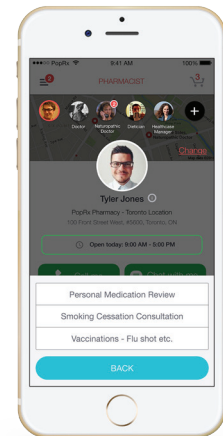

SELLING OTC

Want to increase your overall OTC sales? Have the opportunity to offer your store's inventory and sell directly to your patients. Bring the whole pharmacy experience to your patients' door and generate more business for each transaction.

“Dispensing fees continue to decrease, while the pharmacist is faced with the new opportunity of reimbursed professional services.”

PROFESSIONAL HEALTH SERVICES

Take advantage of our in-app services platform to help you promote your existing health services directly to your patients. Want to schedule a Med-Check or a Smoking Cessation Consultation? Booked and paid in a couple of clicks.

OUR FOCUS

MARKETING

Your focus is on your patients' health. PopRx allows you to keep focused on your business, while we handle all the marketing efforts. PopRx promotes your pharmacy, its values, and vision through numerous marketing campaigns: print marketing, digital advising, and social media networks. It's like having your personal marketing agency.

CUSTOMER SERVICES

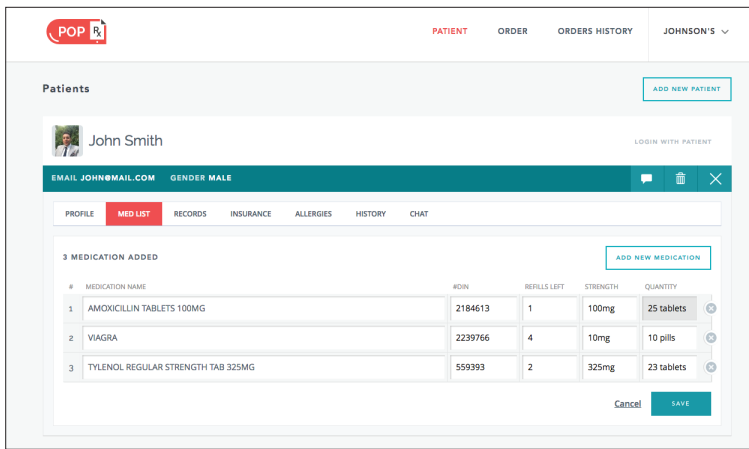

Have questions or feedback? Having issues with a customer or an order? We are here to help resolve it all. To ensure every order is delivered to your standards, we are the support team for you and your patients. We are with you every step of the way.

PRESS

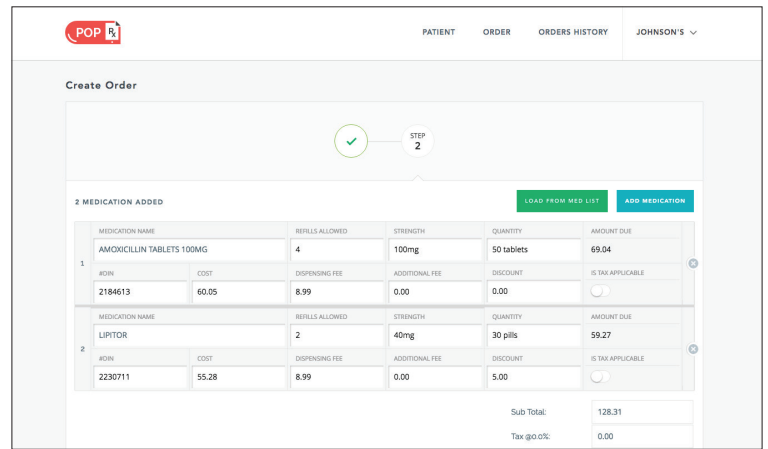

Want a public relations team that supports your pharmacy values? PopRx works with the press, talk shows, radio shows, and bloggers to get people talking about your pharmacy. PopRx wants to give your business the right exposure and coverage. Your business is what we showcase.

PHARMACY DASHBOARD

PATIENT DATABASE

Manage your entire patient database to see their order history, allergies, insurance details and medication profile. The patient needs to adjust their dosage? A couple of clicks and the modifications are complete for both patient and pharmacist.

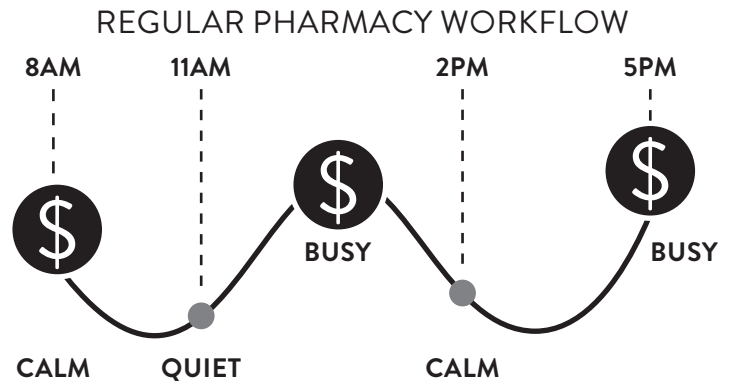

REPORTING

View customizable reports that matter. See your order history, delivery tracking, and billing information in something that you can read quickly. Goodbye, excel!

Adherence Dashboard

HARMONIZED WORKFLOW

Increase store efficiency with our streamlined order processing. Have some downtime in the pharmacy? Orders are received even after all the line-ups are gone.

OUR FOCUS

SYSTEM INTEGRATIONS

Have a Pharmacy Management System that you want to integrate? Using Fillware, Kroll or something custom? Let's talk about connecting you.

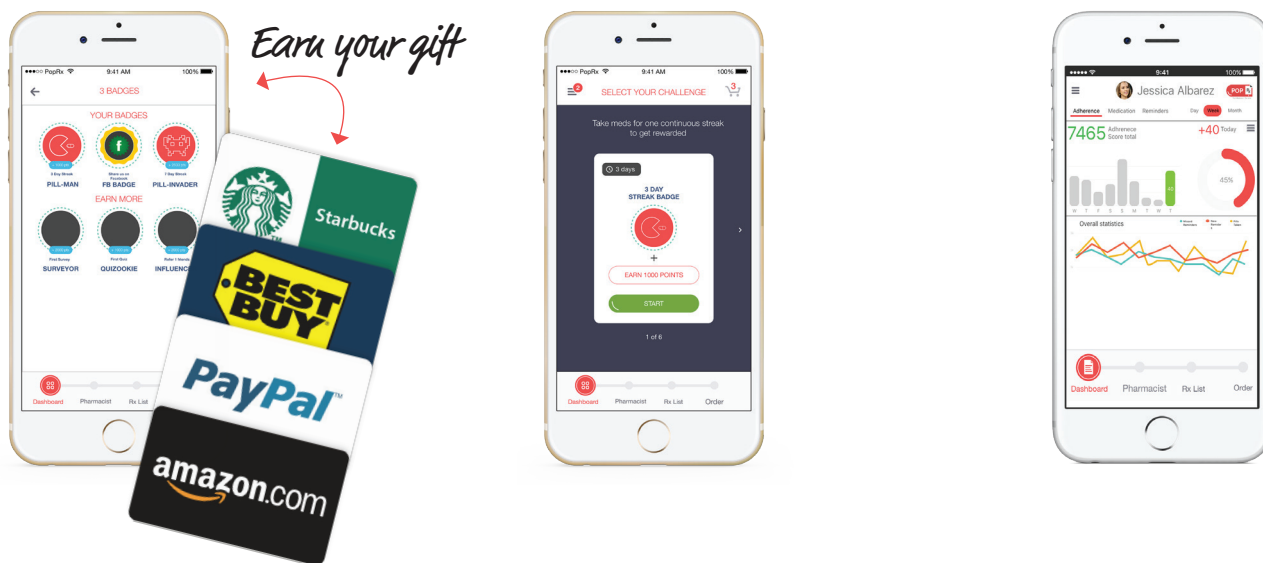

WANT AN INTEGRATED PAYMENT PROCESSING SYSTEM

Our payment processing solution can also offer you in-store terminals and transaction rates that compete with all the big-box players.

CANADA'S 1ST ADHERENCE BASED LOYALTY PROGRAM

Keep your patients engaged with their health, by rewarding points for taking their medication. It's like "Air Miles" for your pharmacy.

By implementing our loyalty program, tailored to each patient, a gamified approach will re-engage members that have fallen off of therapy, appeal to the younger less responsive demographic, and create a member-driven user experience organically.

GIFT CARDS

Patients can exchange points for everyday gift cards: Tim Hortons, Wal-Mart, Home Depot and much more.

GAMIFIED ADHERENCE

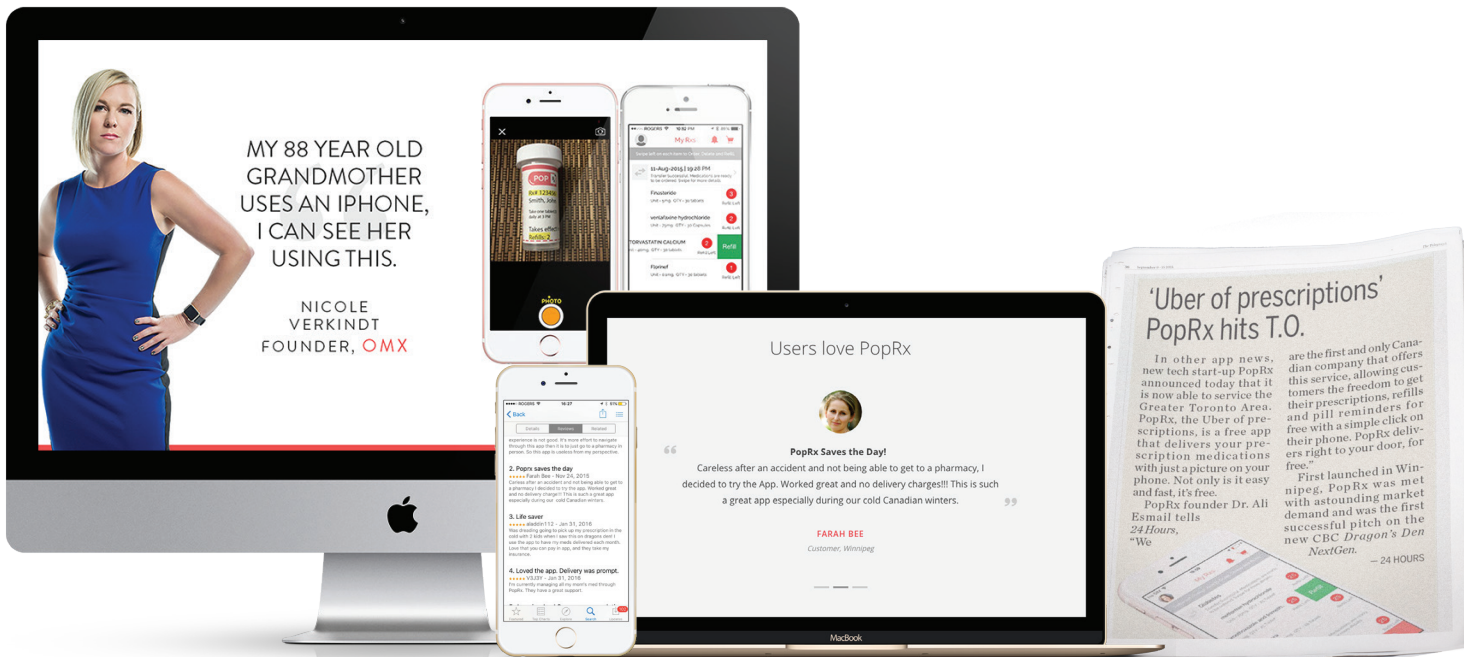

Patients follow their loyalty journey with your pharmacy through fun and interactive goals and accomplishment badges.

ADHERENCE TRACKING

Get insights into your patients' drug adherence and habits to build active drug routines. With the ability to follow what they are taking, you can maintain stronger relationships with them & their health.
