

DLT Labs/BiTA PoC Productionizer – Full Terms

DLT will

- Accept project applications from BiTA members on a rolling basis between May 21st and July 31st 2020.
- Provide **3 hours** of consulting to all companies that submit a project for evaluation
 - The outcome will be a high-level set of recommendations to implement your project / transformation
- Select up to 5 projects where DLT will provide;
 - A proposal that details how the DLT platform will be leveraged to move the project into production
 - If the DLT solution is accepted by the BiTA member, including mutually agreed upon success metrics, we would enter into a SaaS agreement based on the scope of the project
 - DLT will discount all applicable SaaS fees by 25%-40% (up to \$1M), depending on project scope and whether or not DLT is providing complete, turn-key solution or working with client's existing partners (eg system integrators, advisors)
