

CAN MULTIPACKS

Roberts PolyPro

OVERVIEW

Roberts PolyPro, powered by Pro Mach, offers a wide variety of bottle handle solutions that make it easier to lift and carry products. Building on our 25 years of injection molded product experience, we are now offering 100% recyclable HDPE injection molded can handles in 2-pack, 4-pack and 6-pack configurations.

FEATURES:

- Made of High Density Polyethylene (HDPE #2) and 100% recyclable
- Engineered for comfort with superior holding capabilities
- Offered in 2-pack, 4-pack and 6-pack
- Available in any PMS color
- Custom design and prototyping for non-standard handles
- Easily applied using Roberts PolyPro handle applicators

BENEFITS

- Up to 25% lighter than competitive injection molded handles
- Contoured profiles complement premium packages
- Ideal for shorter production runs, seasonal and promotional packages
- Lower entry costs i.e. prototype tooling
- Ability to remove cans without excessive force

Multipack Handles

Roberts PolyPro is the only handle manufacturer that produces flat sheet and injection molded handles.
