

ESGI At-Home Checklist

Before Assessing

- Check your technology (reliable internet, computer, and camera)
- Set up an appointment time with parents
- Inform parents if materials are needed (paper, manipulatives, etc.)
- Log into ESGI and choose tests to administer

Assessing

- Launch video conferencing software at appointment time
- Share your ESGI screen
- Request family to turn on camera for observation (optional)

After Assessing

- Choose Parent Letter, Flashcards, or BINGO to share
- Download the file and share it with parents
