

# Mobile Banking App VS It'sMyCU Cards App

## Features:

- View all balances and transaction history
- Transfer funds
- BillPay, Person to Person, and Account to Account transfers available with a checking account
- Make Loan and Credit Card payments
- Deposit checks electronically
- Freeze Card: Immediate
- Unfreeze Card: May take up to 24 hours
- View Online forms
- List of free ATMs
- View E-Statements
- Enroll in Text Banking
- Access Online Chat

### Login Credentials:

- Mobile app is the same as your online banking
- The CU will initially enroll you in online banking
- Compatible with face ID and thumb print recognition
- Remember me works on both the username and password

## Features:

- View Debit Card and/or Credit Card transactions
- Make Credit Card payments
- Set up transaction alerts
- Add travel notifications
- Freeze/Unfreeze cards
  - Immediate update
- Mark cards as lost or stolen
- Link to digital wallet
- Link and view cards on multiple CU accounts

### Login Credentials:

- Login credentials are separate from the mobile banking app
- Enroll in the app with your card number, exp. Date, name, and birth date
- Remember me will only remember the username and not the password
