Client Market Segments: Federal

Cost Xpert is a comprehensive solution to software cost estimating. It supports the best estimation methodologies in practice today. Overall, we are very happy with this product. SPAWAR

CLIENT PROBLEM

SPAWAR conducted an extensive review of software cost estimating tools, seeking a solution that was both easy to use and accurate for a wide variety of projects in terms of size and problem domain.

PROPOSED SOLUTION

Roetzheim's Cost Xpert tool proved superior for its ease of use and high degree of accuracy. Roetzheim also supported a variety of SPAWAR projects with additional consulting services, including MILSTAR, TADIL-J, Link-11, Link-14 and TADIL-B.

RESULTS

Roetzheim's Cost Xpert was validated as an easy to use, highly accurate tool.
