

The Results Analysed: The 2017 Global Intelligence Benchmarking Survey

Insights From The 2017 Global Intelligence Benchmarking Survey

2017 saw hundreds of the world's leading market intelligence decision makers & practitioners take part in the 8th edition of the Global Intelligence Benchmarking Survey; the only free global MI survey designed to deliver true insights to intelligence professionals around where their operations stand in comparison to peers.

The Results Analysed | Exclusive Workshop | Friday 23 March 2018 | 10:00 - 15:30 Royal Pharmaceutical Society, London

M-Brain invites you to join industry peers for this exclusive afternoon session, presenting ground-breaking insights from the 2017 intelligence survey, valuable discussions and workshops exploring emerging industry trends and best practices plus engaging guest speaker sessions.

This free event is limited to 30 seats. To reserve your space, please email felicity.pethica@m-brain.com who will be pleased to confirm arrangements.
