

Bodewell Rosé of Pinot Noir

At Bodewell we put a premium on place. That's why we only source from the most interesting and unique appellations in the country, and it's why the proceeds of this wine go to Wine to Water as they help provide access to fresh drinking water for communities in need all around the world. Help supporting small communities and a better future.

This Rosé of Pinot Noir, from the storied Napa Valley, is not your typical rose grape. It's tricky to grow, but when it's at its best, it produces a wine with lively acidity, subtle hints of strawberry, plum, and pomegranate. Incredibly drinkable, this vivacious rose is a true workhorse wine suited to almost any occasion.

Varietal/Composition

100% Pinot Noir

Winemaking

Short skin contact allowed for the light pink hue, and stainless-steel, cool fermentation enhanced varietal characteristics and helped to retain the primary fruit flavors. It was bottled early to capture the youthful yet complex character.

Tasting

Pure and refreshing, this bright and vivacious Rosé is full of red fruit flavors like strawberry, plum, and pomegranate. It also features a zippy acidity that allows it to pair well with many dishes.
