The Garden strives to divert over 90% of Market waste from the landfill.

- Vendors use Certified Compostable ware for serving and sampling.
- Beverage cans, bottles, and all cardboard are recycled.
- Volunteer Zero Waste Ambassadors educate visitors at the waste stations.
- Our facility support team helps sort waste to keep the Market neat.
- Recyclables are sent on to be processed into new products.
- Food and serving waste is composted into soil amendments at a local facility.

Thanks to our vendors, volunteers, and visitors for keeping this huge event's footprint small.
