

COVID-19 Precautions at UniHall

This year, we have been accustomed to new standards of hygiene due to COVID-19, which has affected our country and the rest of the world. Thus, we have taken the following precautionary measures in accordance with the ongoing pandemic situation:

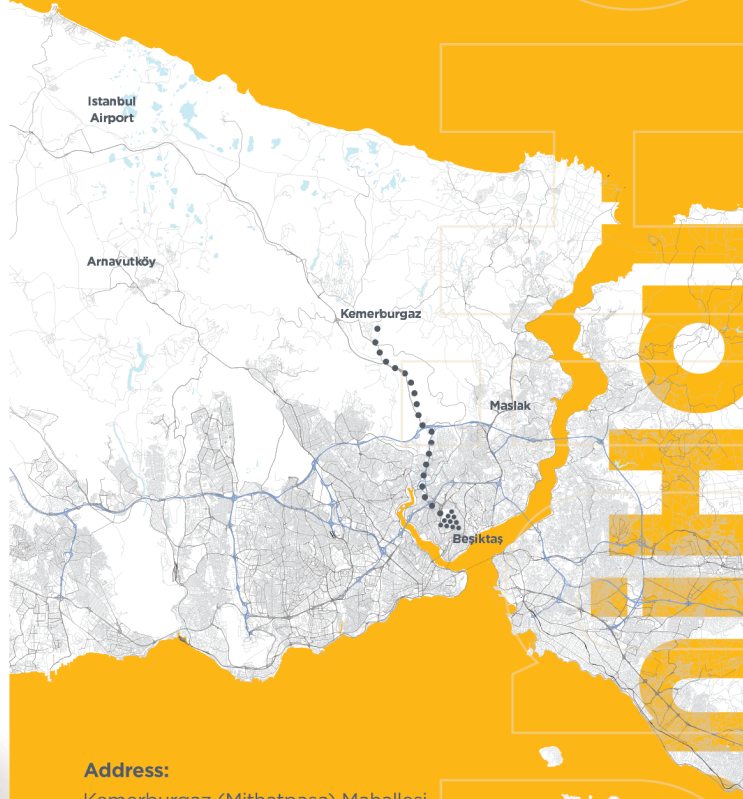

- Common areas (such as social areas, toilets, dining areas, etc.) are cleaned at frequent intervals every day.
- Commonly used equipment is sanitized and disinfected everyday.
- The cleanliness of the rooms is strictly controlled and supervised.
- The cleanliness controls are performed by healthcare experts and are of the highest level.
- All our guests at UniHall are given instructions on the personal precautions they need to practice.
- Students' health status is checked upon entering and exiting of the premises.
- Informative texts and posters are displayed in common areas in UniHall.

As UniHall, it is very important for us to provide our students with the best university experience in a healthy and safe environment. For this reason, all UniHall personnel are informed and knowledgeable on the subject and are provided protective equipment to ensure the highest level of health and safety. We will continue to apply our precautionary measures regarding the current epidemic with the highest sensitivity. We hope for the neutralization of the epidemic to be taken under control as soon as possible, and we wish you healthy days.

Transportation to UniHall

Start your day with a breath of fresh air! UniHall is located in Kemberburgaz, one of the greenest places in Istanbul. You will not spend time in traffic to go to university for classes. UniHall is 20 minutes from BAU Beşiktaş South Campus, 10 minutes from Istanbul Airport and 5 minutes from the closest metro station. You will gain a unique dormitory experience with natural, science, technology, and art and design-themed common living areas.
