> The Worldwide Dental Emergency Assistance Scheme - Details

The Worldwide Dental Emergency Assistance Scheme is a scheme established to offer support and assistance to Dental Plan patients who request treatment following a Dental Trauma and/or dental emergency or Oral Cancer. It is funded by your Dental Plan Administrator who makes payments to the Scheme to be held in a fund to be used to help patients who request assistance from the Scheme.

The Scheme is a wholly discretionary scheme, not an insured scheme. This means that it is at the sole and absolute discretion of the Scheme Manager as to whether benefits are paid. We ask that if at all possible, the patient contacts us first, in order to obtain pre-authorisation, before treatment commences or a request for assistance is submitted.

What is a wholly discretionary scheme and how is discretion applied?

Dental Plan patients are eligible to request assistance from the Scheme in the event of a Dental Trauma and/or dental emergency or Oral Cancer. The Scheme responds to such requests on a wholly discretionary basis. This means that, whilst the Scheme aims to provide Benefits in most cases, the Scheme has no obligation to provide any Benefit unless the Scheme Manager first decides (in its sole and absolute discretion) that the Scheme should provide a Benefit.

The Scheme Manager will look at each case individually to assess the request for a Benefit. It is possible that in some cases the Scheme Manager will decide to provide no Benefit. In addition, there are some circumstances in which the Scheme is not designed to help (these situations being similar to exclusions under an insurance policy), a summary is provided on Page 4. Full details can be found in the Scheme Handbook which details the Scheme Rules, Benefits, limitations and exclusions.
