Worldwide Dental Emergency Assistance Scheme Summary

Whilst you are a member of a dental plan administered and managed by Practice Plan Limited you are eligible to make a request for assistance under the Worldwide Dental Emergency Assistance Scheme ('the Scheme'). The Scheme is managed by the Scheme Manager on behalf of Worldwide Assistance Limited, part of the Wesleyan Group.

This is a brief description of how the Scheme operates. See the table (overleaf) for the benefits and a list of the limitations and exclusions. It does not contain the full Scheme rules. Full details can be found in the Worldwide Dental Emergency Assistance Scheme Handbook which is available upon request and which will be sent to you separately when you join the dental plan. Please check the Handbook carefully to be sure the Scheme meets your needs.

The Worldwide Dental Emergency Assistance Scheme is a wholly discretionary scheme, not an insured scheme. It has been established to offer support and assistance to dental plan patients who request treatment following a dental trauma and/or dental emergency or diagnosis of oral cancer. It is funded by your Dental Plan Administrator to pay Benefits at the sole and absolute discretion of the Scheme Manager, the person(s) appointed by the Scheme to determine whether to pay benefits in response to requests for assistance.

For further details of Scheme Governance, please refer to the Handbook.

What is a wholly discretionary scheme and how is discretion applied?

Dental plan patients are eligible to request assistance from the Scheme in the event of a dental trauma and/or dental emergency or diagnosis of oral cancer. The Scheme responds to such requests on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, the Scheme has no obligation to provide any benefit unless the Scheme Manager first decides (in its sole and absolute discretion) that the Scheme should provide a benefit.

The Scheme Manager will look at each case individually to assess the request for a benefit. It is possible that in some cases the Scheme Manager will decide to provide no benefit. In addition, there are some circumstances in which the Scheme is not designed to help and these are explained in more detail in the respective sections of the Benefits Schedule in the Handbook.

Scheme Eligibility Duration

Your eligibility to request assistance from the Worldwide Dental Emergency Assistance Scheme will continue for as long as you continue to pay your monthly or annual dental plan fee.

How to make a request for assistance under the Worldwide Dental Emergency Assistance Scheme

A completed Request for Assistance Form, together with any necessary supporting documentation, should be submitted to the Assistance Team as soon as possible. Request for Assistance Forms are available either from your dental practice or the Assistance Team. You can also download a form from <http://scheme.practiceplan.co.uk/patients>. If you need to discuss your request at any stage, please contact the Assistance Team (see contact details opposite).

NOTE: It is important that, if at all possible, you contact the Assistance Team before going ahead with treatment as the Scheme Manager may not pay for requests for assistance that have not been pre-authorised. For details of how to apply for pre-authorisation, please see the Handbook.

How to make a complaint in connection with the Worldwide Dental Emergency Assistance Scheme

If you are dissatisfied with the service provided in relation to the Scheme, or if you feel that an incorrect decision has been made, please contact the Assistance Team who will investigate your complaint. If you remain dissatisfied with their final response, you may approach the Appeals Panel for assistance.
