ABILITY NETWORK

ABILITY is a leading information technology company that helps providers and payers simplify the administrative and clinical complexities of healthcare through innovative applications and data analytics.

Contact us today!
Sales: 888-460-4310

ALPHA II, LLC

A member of PAHCOM since 1993. Alpha II's software platforms, software as a service product, and publications support coding, compliance, claims editing and revenue analysis for healthcare professionals, clearinghouses and government entities – both directly and through software developers. Beginning with the initial receipt of patient data through the final scrutiny of the payer's remittance advice, Alpha II empowers precision across the revenue cycle.

AMERICAN ACADEMY OF FAMILY PHYSICIANS - AAFP

The American Academy of Family Physicians (AAFP) is one of the largest medical organizations and represents more than 124,900 physicians and student members. The AAFP offers a variety of tools and educational products, including Family Practice Management journal. All resources are designed with family medicine practices in mind and cover a range of topics from quality improvement and payment (think ICD-10) to financial management.

AMERICAN CREDIT BUREAU, INC.

Patients are responsible for approximately 30 to 35% of a practice's revenue. Patient-owed balances are notoriously time consuming and difficult to collect. A practice must have a collection process in place that is timely, and delivers escalating consequences for non-payment. If a practice continues to use outdated collection processes, it is predicted that 81% of patient-owed balances will never be recovered. Learn how to collect 3x times more of your patient balances, with far less effort.

ORKIN PEST CONTROL

In pest control, like in healthcare, success starts with science. Orkin's Healthcare Precision Protection™ program is based on extensive research and designed to comply with Integrated Pest Management protocols recommended by AHE, Health Care Without Harm and Practice Greenhealth. Just like patients, no two healthcare practices are alike. When you choose Orkin, you won't get a cookie-cutter approach. We'll start with a comprehensive, on-site inspection and design your program to meet your needs.

THOROUGH CARE

ThoroughCare's software allows any practice (large or small) to run efficient Medicare reimbursement programs in-house with their existing staff. Our Chronic Care Management (CCM) solution allows practices to create care plans, log time and automate their entire program. We offer Annual Wellness Visits (AWVs) and Advanced Care Planning too. Practices will generate a substantial new revenue stream from Medicare. 300 participating patients would generate over \$150,000 / yr in new revenue!
