dknight@aama-ntl.org

## AMERICAN CREDIT BUREAU, INC.

Patients are responsible for approximately 30 to 35% of a practice's revenue. Patient-owed balances are notoriously time consuming and difficult to collect. A practice must have a collection process in place that is timely, and delivers escalating consequences for non-payment. If a practice continues to use outdated collection processes, it is predicted that 81% of patient-owed balances will never be recovered. Learn how to collect 3x times more of your patient balances, with far less effort.

## AMERICAN MEDICAL TECHNOLOGISTS

AMT is the only professional association that offers highest quality certification for allied health via practical routes such as on-the-job experience or schooling. AMT works directly with you to implement cost-effective solutions for certifying your staff, and our application and exam process are fast and user-friendly. All AMT certification exams are fully accredited by the National Commission for Certifying Agencies (NCCA).
