Get value in days or weeks, not months

Trusted by a Network of Leading Healthcare Organizations:

Braided provides workflow automation to easily interface disparate technologies like your health record system, billing system, and customer relationship management system. We build, manage, and maintain these workflows so you don't have to. Our expertise in the behavioral health and addiction treatment industry's leading systems gives you the ability to bring cost and time savings, efficiency, and peace of mind into your facilities.

Our team can help you solve your unique challenges by re-imagining workflows and delivering solutions that fit your needs. We ensure that the right data gets to the right people at the right time.

Simple subscription-based pricing includes everything you need for a worry-free integration, including technical support for the life of your contract. No surprises, just your systems - connected.

Since we handle integration updates as connected platforms or workflows evolve, Braided gives you the power to outsource the work and the risk. We help make your technology an asset, so your greatest asset - your teams - can focus on what they do best.
