RESHAPING BUSINESS PROCESSES FOR THE DIGITAL ERA

SAP

SAP® Partner
Open Ecosystem

Intertec's in-depth experience with SAP S/4 HANA is changing the way businesses operate.

DIGITAL CORE SOLUTIONS:

Intertec helps clients drive innovation through SAP S/4 HANA to improve business agility and customer satisfaction. SAP digital core solutions connect whole enterprises and Intertec assists clients in the migration, deployment, support, and maintenance of such applications.

These intelligent, integration-ready applications help enterprises manage customers, supply chains, networks, employees, and core processes. Intertec SAP resources have extensive hands-on experience on projects involving the following SAP Digital Core Solutions applications:

- SAP S/4 HANA
- SAP Ariba
- SAP Hybris
- SAP Concur

DIGITAL INNOVATION SOLUTIONS

Intertec combines cutting-edge technologies and industry expertise with established technologies so enterprises can rapidly transform their businesses. Our expertise in SAP Leonardo meets clients where they are and takes them where they want to go.

Using technologies such as Machine Learning, Blockchain, Data Intelligence, Big Data, Internet of Things and Modern Analytics to support the development of new business models.

SAP S/4 HANA

Flexible and adaptable systems that deliver insights to improve business agility and customer satisfaction.
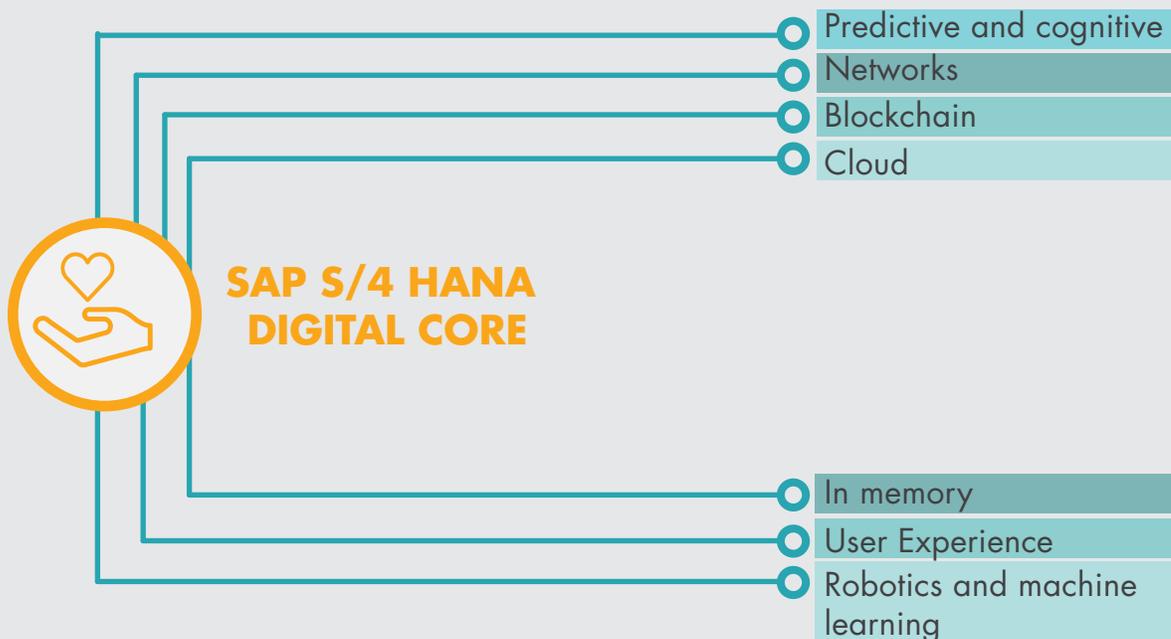

SAP S/4 HANA is the foundation for the Digital Enterprise. The next generation business suite offers businesses instant insight, intuitive user experience, and is flexible and non-disruptive. Run all parts of your business live and simple with S/4 HANA.

CAPABILITIES:

Intertec advises, implements, and supports the migration of your legacy business suites to SAP S/4 HANA. New technologies will determine the future of Enterprise Systems.

DIGITAL TECHNOLOGY IS TRANSFORMING HOW BUSINESS GETS DONE

The future of Enterprise Systems will be determined by new technologies

SAP S/4 HANA DIGITAL CORE

- Predictive and cognitive
- Networks
- Blockchain
- Cloud
- In memory
- User Experience
- Robotics and machine learning

Intertec partner's with enterprises so they're able to:

- Find actionable and valuable information from their large amount of data
- Perform rapid analysis and reporting that will accelerate business processes and/or find new revenue generating business models
- Reduce total cost of ownership through less hardware and maintenance cost
- Innovate their business models and processes

SAP ARIBA

SAP Ariba is the world's largest business commerce network. SAP Ariba combines industry-leading cloud-based applications with the world's largest internet-based trading community to help companies discover and collaborate with a global network of partners. Intertec integrates the buying process across the entire organization, helping you consolidate and control all your spend on a single, integrated platform in the cloud.

CAPABILITIES:
