SAP HYBRIS

Hybris is a java, spring framework based, closed source, E-Commerce solution for enterprise level customers. It allows enterprises to offer seamless, personalized, and connected customer experiences.

CAPABILITIES:

- Optimization and improvement of existing E-Commerce platforms. Intertec has over a decade of experience modernizing, evolving, and stabilizing multiple types of E-Commerce sites, including B2B, B2C, and C2C platforms using SAP Hybris

- Implement platform architecture improvements. Strong ability to migrate custom E-Commerce platforms to SAP Hybris

- Significant Hybris development experience with JAVA EE, SAP S/4 HANA, and JAVA background. Expertise in Agile developments

- Intertec's SAP Hybris Project Managers report on and forecast project's budgets and managed services engagement budgets. They provide advice to internal and external leadership on cost/benefit analyses, applying Agile methodology

- Practical knowledge and understanding of SAP Hybris architecture. Systems design, configuration, customization, integration, testing, and support by experienced SAP Hybris Architects

- Expertise in everything from creation and support of custom platforms and software to SAP Hybris

Hands-on experience with all aspects of the system implementation, including, but not limited to:

- Requirements gathering

- Design of the future state solution and development of objects related to the process scope

- Support for testing and post-implementation activities

ABOUT US

Intertec International is a global IT Services company founded in 2002 with headquarters in Phoenix, Arizona. Our offices are located in the United States and United Kingdom, and our nearshore technology center is located in San Jose, Costa Rica.

WHY PARTNER WITH INTERTEC?

We play a key role in helping organizations succeed. We help enterprises identify, buy, build, implement, service, support, and run the SAP solutions that best fit their unique needs.

- Rapidly find valuable and actionable information from large sets of data

- Migrate your legacy business suites and upgrade your digital platform to the SAP S/4 HANA platforms and leverage agility and customer satisfaction

- Connect your whole enterprise with SAP Digital Core solutions, from customer experience to workforce engagement to spend management

- Receive intelligent insights from your data using the latest technologies applied to your business challenges

- Partner with Intertec, we meet you where you are and take you where you want to be
