Acknowledgement of country

Victoria University (VU) acknowledges the Elders, families and forebearers of the Boonwurrung, Woiwurrung (Wurundjeri) and Wathaurung (Wadawurrung) who are the custodians of University land and have been for many centuries.

We acknowledge that the land on which we stand is the place of age-old ceremonies of celebration, initiation and renewal, and that the Kulin people's living culture had, and has, a unique role in the life of this region. VU supports the aim of Reconciliation Australia to build better relationships between the wider Australian community and Aboriginal and Torres Strait Islander peoples for the benefit of all Australians.

Artist: Paola Balla, Moondani Balluk, 2017

Moondani Balluk academic unit

Moondani Balluk means ‘embrace people’ in the Woiwurrung language of the Wurundjeri people.

Our vision for the Moondani Balluk Academic Unit is to create and foster:

- ◆ A culturally sensitive environment that welcomes, nurtures and recreates community based on relationship to land, culture, law and elders
- ◆ Sharing of Aboriginal knowledge and to integrate Aboriginal practices into its curricula, research and work
- ◆ Respect for all people through mutually engaged relationships
- ◆ A commitment to pursuing political and social justice, equity, and access to education for Aboriginal and Torres Strait Islander people
- ◆ Accountability to Aboriginal cultural values, protocols and norms.

Moondani Balluk assists all students with:

- ◆ ABSTUDY applications and other financial assistance
- ◆ Course and enrolment advice
- ◆ Academic support through tutoring and mentoring, and use of computer and photocopying facilities
- ◆ Access to the Aboriginal and Torres Strait Islander Resource Library
- ◆ Social support through our campus locations, cultural awareness activities, community organisations and events
- ◆ Referral to counselling
- ◆ Referrals and support in housing and finance matters
- ◆ Career and employment advice through cadetships, work experience and job listings.

All Moondani Balluk staff maintain close links and relationships with the Koori community, working closely with the Office of Aboriginal Affairs Victoria, Local Aboriginal Network, the Department of Justice Western Metropolitan Regional Aboriginal Justice Advisory Committee, the Department of Human Services Indigenous Family Violence Regional Action Group, local members of the Koori community in the western suburbs of Melbourne and Aboriginal statewide organisations.

The Moondani Balluk stole, a cherished symbol of pride and honour, represents the rich cultural foundation and the academic success of our Indigenous graduates. Recognised as part of official academic dress, the Moondani Balluk stole is worn together with the stole or hood representing the award you have achieved. Created by Paola Balla, the Moondani Balluk design shows the embodying relationship between the University and Moondani Balluk, and the meaning of ‘embracing people’ – being embraced by VU. A message from the Chancellor

As Chancellor of Victoria University, I take enormous pride in the achievements of our graduates. It is a pride shared by your family, friends, and all VU staff and Council members.

Your success is a testament to your hard work and dedication, and today's graduation marks a significant personal milestone in your journey. Each ceremony serves as a vibrant celebration of our institution's diversity and underscores the joyous spirit of the occasion.

Throughout your time at VU, you have shown the ability to learn deeply, adapt quickly, collaborate generously, and solve problems with creativity and heart. These qualities will serve you wherever your aspirations take you — whether that is shaping industries, strengthening communities, or forging new paths entirely your own.

To each of our graduates, enjoy your well-deserved graduation day. I encourage you to reflect on all that you have accomplished and on the many experiences that are still to come.

You will always remain a member of the VU family and I hope that VU means as much to you as it does to me. Please stay connected through our extensive alumni network and keep us updated on the achievements you are about to unfold.

Congratulations, and my very best wishes for an exciting and successful future.

Regards,
Steve

The Hon. Dr Steve Bracks AC

CHANCELLOR

GradDipEducation(Economics)UB

A message from the Vice-Chancellor and President

Welcome — and my heartfelt congratulations to all graduands. It is a privilege to celebrate your accomplishments at this milestone moment.

As graduands, you and your peers reflect the very best of VU: diverse, determined and futurefocused. You have achieved something remarkable. We are immensely proud of all you have accomplished, and all that is ahead of you as you embark on your careers.

By graduating from Victoria University, you join a university globally recognised for its innovation and impact – from our unique Block Model, to our strong industry partnerships and our world-leading research for the benefit of people, place and planet.

But most importantly, you graduate with the ability to make a real contribution to your fields and to society wherever you go — and create impact that travels far beyond our campuses, from Melbourne’s West to the world.

You now join a global alumni community that is growing stronger every year, and I encourage you to stay connected and join us as valued ambassadors of the University.

A warm congratulations on reaching this milestone. I look forward to seeing where your journey takes you.

With personal best wishes,
Adam

Professor Adam Shoemaker

VICE-CHANCELLOR AND PRESIDENT
BAHonsQU(Canada), PhDANU

Start well, finish brilliantly

Congratulations! You have achieved a significant milestone. You have succeeded in your tertiary studies, and you are now a proud VU graduate.

Start well, finish brilliantly is the title of our Strategic Plan 2022-2030, and our ethos for supporting student success at every turn. It reflects our belief in the power of education to change futures. For you, our graduates, it captures the journey you have taken with VU and the possibilities that now lie ahead.

At VU, we are committed to creating an environment where every student — no matter their background, ambition or starting point — can thrive. From your first day with us, you were supported to grow your confidence, your capabilities and your sense of purpose. Whether it was our one-of-a-kind First Year College that made a difference, the revolutionary VU Block Model®, real-world experience through industry partnerships or our skills-focused training — your experience was designed to help you persist confidently and achieve your best.

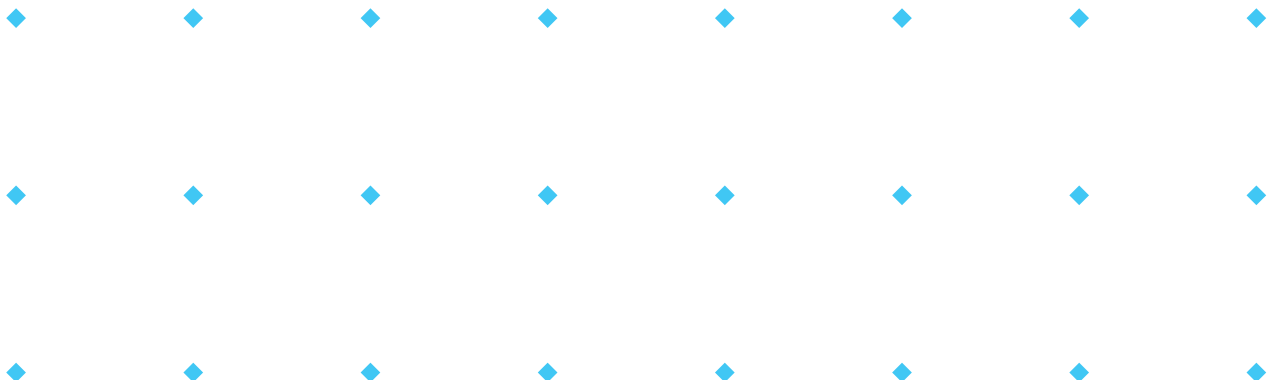

You graduate today with more than a qualification. You carry the skills that define VU graduates: adaptability, collaboration, curiosity, resilience and a commitment to contributing to the world around you. These qualities prepare you for a future of continuous learning — a future where careers evolve, industries shift, and the most important skill is the ability to go forward with confidence.

VU has a long history of ensuring graduates successfully transition from their studies to the workforce as they embark on building rewarding careers. We have ensured that industry is integrated into our learning and teaching, and we have many longstanding partnerships that deeply shape all we do.

As a VU graduate, you join a global community of over 350,000 alumni worldwide who are shaping workplaces, strengthening communities, and creating positive impact across Australia and around the world. They are innovators, leaders and changemakers — and now, so are you. We hope you will stay connected, share your journey, and play a part in inspiring current and future students.

Your time with us does not end today. Victoria University will continue to be a place to return to — for further study, new skills, professional support or the next chapter in your career. There are many different starting points in our lives, and today represents one of the most exciting.

Go forward with confidence. You have started well. You are ready to finish brilliantly.

The university mace – an established tradition

Our graduation ceremonies begin with the entrance of the University mace, signifying the authority of the Chancellor. Carried by the Mace Bearer, the mace symbolises learning, scholarship and our rich history. The mace connects us with those who have come before and those who will follow in the pursuit of learning. Made of sterling silver and 24-carat gold, the design includes the letter 'V', standing for Victoria – our University's home and namesake.

Academic dress

Wearing academic dress on ceremonial occasions is a celebrated university tradition, and generally consists of a gown (also known as a robe) with a separate hood (also known as a stole), and usually a cap – doctoral candidates wear a bonnet. Throughout the Commonwealth, universities usually follow the academic dress style of Oxford or Cambridge. Our academic dress is based on the Oxford style. Traditionally, the Chancellor’s gown is faced in gold and the Vice-Chancellor’s gown is faced in silver.

The colour of the hood (stole) identifies the discipline:

Ruby	Arts
Ultramarine	Business or Business Administration
Cherry	Education
Silver Grey	Engineering
Old Rose	Health Science
Parchment	Law
Pansy	Music
Buff	Psychology
Spectrum Green	Science, Applied Science and Sport Science
Gold	Social Studies
Gold	Sport and Recreation
Adonis Blue	Doctor of Business
Cherry	Doctor of Education
Graphite	Doctor of Engineering
Pearl White	Doctor of Laws
Ruby	Doctor of Letters
Sapphire	Doctor of Philosophy
Old Gold	Doctor of Psychology
Spectrum Green	Doctor of Science
Sky Blue	Doctor of the University
Tangerine	TAFE Certificates

The gowns worn by graduating students help distinguish undergraduate and higher degrees:

- ◆ undergraduates and postgraduates wear a black gown – Vocational Education, Further Education and undergraduate gowns have a large slit in each sleeve
- ◆ the masters gown has a long narrow sleeve extension
- ◆ doctoral candidates wear a red gown.

Masters – a black gown and black cap with a black hood fully lined with the discipline colour.

Doctors – a black bonnet with a gold cord, a scarlet gown with a facing and a black hood fully lined with the discipline colour.

First Nations/Indigenous Australians – The academic dress of your award is worn together with a calf length black and patterned silk stole that has the Moondani Balluk name and a portion of the Moondani Balluk logo.

Academic dress for particular awards is as follows:

Certificates – a black cap and an undergraduate gown with a black stole with a facing of tangerine.

Diplomates and Graduate Certificates – a black cap and an undergraduate gown with a black stole with a facing in the discipline colour.

Bachelors – a black gown and black cap with a black hood half lined with the discipline colour. The hood for the honours degree has a white band on the edge of the hood.

The logo design is evocative of the western region of Melbourne. The black lines represent boomerangs that speak to the return of knowledge to the Aboriginal community from the University and from the Aboriginal community to the University. The eel shape represents the Traditional Owner food source while the line designs within represent Traditional Owner land, culture, law and connection as continual. The bora ring shapes in the left hand side stole panel represent Indigenous knowledge, respect and justice, and our relationships to land, culture, Elders and lore.

In official abbreviations of our awards, Victoria University is abbreviated to VicMelb.

Welcome to the alumni community

Congratulations and welcome to the Victoria University Alumni community! You are now part of a growing global network of more than 300,000 alumni living and working in 130 countries around the world. The VU Alumni Relations team is here to support you. We hope you will be an active member of this remarkable community.

Share your achievement

Celebrate your graduation with friends and family by using **#vualumni**

We will share candid photos from graduation day so make sure you check the VU alumni social media channels.

Stay connected

Keep your contact details up to date and you will receive special offers on further study, invites to alumni events and a regular e-newsletter with the latest news from VU.

As part of the VU alumni community, you will also develop your professional networks and get the tools and support to help build your career. You will connect with fellow alumni in your industry, hear about job opportunities, and find out about ways to further develop your skills.

You will also have the chance to make a real difference to students. You could help shape the future of study at VU, be a mentor, offer work experience or be a guest speaker.

Get career support

VU Careers Hub supports your career journey for up to 2 years after graduation.

Keep an eye out for an exclusive invitation to your LinkedIn photoshoot after graduations for your free headshots!

VU Research

Doctor of Business Administration

Immanuel VVAS

Thesis title: Cash Cows or Valuable Immigrants? The Games of International Management and Commerce University Students in Australia. Can Everyone Win?

Citation: Immanuel conducted a longitudinal study from 2010 to 2022 by examining the efficacy of the pathways to Australian permanent residency for international management and commerce students. The thesis made a significant contribution in identifying impediments faced by this cohort and the subsequent recommendations from this research can be utilised in the development of better Australian higher education and migration policies.

Supervisor(s): Dr Matt Harvey, Professor Sardar Islam

Doctor of Philosophy

Jehan ALSULAMI

Thesis title: Critical Success-Related Factors Influencing the Adoption and Use of Artificial Intelligence in Saudi Small and Medium-Sized Enterprises

Citation: This thesis examines the adoption and use of artificial intelligence in small and medium-sized enterprises (SMEs) in Saudi Arabia. It identifies key technological, organisational, and institutional factors influencing adoption decisions and use of AI, offering a conceptual framework to support effective AI integration and digital transformation within the SME sector.

Supervisor(s): Dr Catherine Lou, Professor Sardar M. N. Islam

Carlie BAUER

Thesis title: Bone-muscle-fat interaction: uncovering the effect of exercise on lipocalin-2

Citation: Carlie investigated risk factors for cardio-metabolic disease in ageing populations, focusing on lipocalin-2 and its relationship with exercise. Her work revealed novel insights into metabolic health, leading to three publications in prestigious journals. This research has shaped future directions in age-related disease research and earned multiple awards, including the best

publication award from the Australian Physiological Society.

Supervisor(s): Professor Itamar Levinger, Dr Mary Woessner, Dr Joshua Lewis, Dr Marc Sim

Lauren CAMILLERI

Thesis title: Understanding the Masculinity Dilemma: A Mixed Methods Investigation of the Psychosocial Mechanisms Contributing to Men's Meat Consumption and Reduction

Citation: Lauren's mixed methods study explored the psychosocial factors that influence men's meat consumption. As men are the highest consumers of meat, and reducing meat consumption has important environmental, ethical, and health implications, this project has significant social impact. Lauren has published her findings in international peer reviewed journals and her work has been highlighted in multiple media outlets.

Supervisor(s): Dr Peter Gill, Dr Andrew Jago, Dr Lutfiye Ali

Joevis CLAVERIA

Thesis title: Integrated Testing Facilities for Digital Substation and Cyber Security based on IEC 61850 and IEC 62351 Standards

Citation: This thesis investigates the integration of IEC 61850 and IEC 62351 standards in establishing secure and interoperable digital substation testing facilities. The research delivers a validated framework that enhances cyber resilience, system interoperability, and cross-border collaboration in substation automation. Its outcomes contribute to advancing smart grid innovation, strengthening industry practices, and supporting ongoing academic and professional recognition.

Supervisor(s): Professor Akhtar Kalam, Associate Professor Aladin Zayegh

Michael FLEISCHMANN

Thesis title: Clinical effectiveness of the osteopathic management of non-specific neck pain - An Australian perspective

Citation: Michael examined the clinical effectiveness of osteopathic care for non-specific neck pain in Australia using a multi-method research approach. His work offers insights into patient-centred care, clinical reasoning, and outcome measurement in everyday practice. The research contributed to professional education and practice, resulting in four peer-reviewed publications and several national and

international presentations. Michael is a lecturer at Victoria University.

Supervisor(s): Professor Alan Hayes, Dr Brett Vaughan, Associate Professor Patrick Mclaughlin

Kerrin FORD

Thesis title: An Examination of Multi-Level Factors That Influence the Integration of Physical Activity into Psychological Treatment

Citation: This thesis examined how psychologists can integrate physical activity into mental health treatment, to provide recommendations in closing the evidence-to-practice gap. The findings integrated perspectives of the general community, young people receiving physical activity treatment, and psychologists, making a significant contribution to enhancing treatment by integrating a behaviour-change approach to engaging in physical activity as part of routine psychological treatment.

Supervisor(s): Professor Alex Parker, Professor Melinda Craike, Dr Dian Mclean

Ahmed HAMMAD

Thesis title: Gates, Walls and Neighbourhoods in the Middle East: The Impact of Gated Communities on the Surroundings in Jordan

Citation: Ahmed Hammad investigated the socio-spatial impacts of gated communities in Jordan, with comparative relevance to the Middle East. His research demonstrates how gated developments influence urban fragmentation and integration and has resulted in six peer-reviewed journal articles, contributing to academic and professional debates on gated urbanism beyond Jordan. His work received formal recognition through the HDR Symposium (3MT). Ahmed is currently employed by Victoria University as a Teaching-Focused Academic in Architecture and Construction.

Supervisor(s): Professor Zora Vrcelj, Dr Mengbi Li

Jacqueline HAMMILL

Thesis title: The Impact of Positive Psychology, Mindfulness, and Gamification Interventions on Student Engagement among Undergraduate Business Students

Citation: Jacqueline investigated engaging Generation Z business students through evidence-based educational interventions. Her research uncovered the 'Gen Z Pragmatic Paradox' and the 'Pragmatic Filtering Mechanism,' revealing that students prioritise career-relevant interventions despite valuing holistic well-being.

This work, recognised through three international peer-reviewed publications, provides actionable insights for improving student engagement. Jacqueline is a Lecturer at Victoria University in the First-Year College.

Supervisor(s): Dr Thinh Nguyen, Professor Fiona Henderson

Xu HE

Thesis title: Identification of Key Factors of Organisational Leadership for the Development and Delivery of Environmental Sustainability Practices in Australian Sport

Citation: Climate change continues to threaten the future of sport. Most Australian sports lack the capacity, governance integration, and long-term planning needed to be environmentally sustainable. This thesis has made a significant contribution to understanding how organisational leadership enables or constrains environmental sustainability policy and action. Applications of this work are being discussed with the sector to help future-proof Australian sport.

Supervisor(s): Associate Professor Camilla Brockett, Dr Catherine Lou, Professor Elisabeth Wilson-Evered

Biljana IVANOVA MILOSHEVSKA

Thesis title: A Qualitative Study on the Professional Identity Transformation of ESOL Teachers in the Asia-Pacific Context

Citation: This qualitative study investigated the lived experiences of sixteen mid-to-late-career ESOL teachers working in pathways to university programmes across nine Asia-Pacific countries. Drawing on Vygotsky's legacy and his identification of language as a cultural and psychological tool of mediation, this research proposes a novel model for theorising professional identity transformation and offering practical solutions for teacher professional development.

Supervisor(s): Dr Oksana Razoumova, Dr Neil Hooley

Kalani KAHINGALAGE

Thesis title: Economics of External Debt: A Risk Management Perspective of South Asian Countries

Citation: This research analyses external debt in South Asia (2002–2021), revealing persistent accumulation, key determinants, varied risk impacts, and adverse effects on growth. It proposes a sustainable debt management framework integrating macroeconomic, governance, and country-specific factors providing

policymakers with actionable strategies to enhance resilience. Kalani received the Best Themed Presentation award at the ISILC HDR Symposium 2024 and has served as sessional staff at VUBS.

Supervisor(s): Dr Ranjith Ihalanayake, Dr Syed Haider

Hakeem QUADRI

Thesis title: Adversarial Training for Machine Learning Classifiers against Multiple Adversaries

Citation: This research explores adversarial and quantum enhanced machine-learning models that improve the robustness of artificial intelligence systems against cyber threats. The study's findings contribute to the development of secure and efficient algorithms suitable for deployment on large scale and embedded platforms. The work has been recognized for advancing the reliability of intelligent systems in modern cybersecurity applications.

Supervisor(s): Professor Hua Wang, Professor Sardar Islam, Dr Bruce Gu

Lisa SAHYOUNE

Thesis title: Investigating the dynamics of user adoption of the augmented reality technology in engineering and construction projects

Citation: The knowledge of digital technology integration is essential for innovation and transformation in the engineering and construction industry. This thesis has made a significant contribution to identifying Augmented Reality technology adoption while bridging theoretical models with practical, evidence based insights for research and industry. The research outcomes are being published in peer-reviewed publications and academic forums.

Supervisor(s): Associate Professor Amir Ghapanchi, Dr Reza Ghanbarzadeh

Xavier SCHELLING DEL ALCAZAR

Thesis title: Decision Support Systems in Sport: Development, Evaluation, and Organizational Impact

Citation: This thesis advances Decision Support Systems (DSS) in high-performance sport by developing and validating a sport-specific framework centered on context satisfaction, output quality, and process efficiency. It demonstrates that hybrid approaches, combining expert judgment with objective, interpretable analytics, can reduce inconsistency, enhance decision readiness, and support organizational trust.

Supervisor(s): Professor Samuel Robertson, Dr Damian Farrow

Thesis title: MINORITY SHAREHOLDERS: DO THE

OPPRESSIVE CONDUCT PROVISIONS OF THE CORPORATIONS ACT 2001 (CTH) PROVIDE ADEQUATE PROTECTION?

Citation: The research examined whether the oppression remedies under ss 232-235 of Part 2F.1 of the Corporations Act 2001 (Cth) provide sufficient protection for oppressed minority shareholders in Australian companies. It considers the position in the United Kingdom, United States, Australia, Canada, Germany, Singapore and India. The thesis provides recommendations to improve Australian minority shareholder protection and strengthen statutory oppression remedies.

Thesis title: The Mediated Relationship Between Masculine Norms and Men's Positive Health Behaviour: Promoting Self-efficacy and Challenging Health Barriers in the Context of a Gender-Sensitised Health Program

Citation: Jeremy examined the mechanisms of positive change in men's health through partnering with Sons of the West, a gender-sensitised health program. A significant mediation model showed reduced conformity to masculine norms predicted enhancements in health behaviour and reductions in psychological distress via increased health self-efficacy. The program provided a space where men collaboratively negotiated a healthier perspective of masculinity and adopted a more relational approach to vulnerability and health behaviour.
