

# Victa Reader

Enable tap, chip, and swipe for card payments on Apple and Android devices.

Meet demand for faster payments with a Bluetooth® card reader that accepts swipe, chip, and tap payment methods. Verifone Victa Reader expands your POS with a streamlined checkout experience on everyday mobile devices.

## Key Features

### Customer experience

- **Accept magstripe, chip, and contactless payments** on Android and iOS devices
- Streamline checkouts with **seamless e-receipt technology**
- Keep transactions safe with a device **engineered to support PCI 6 and MPoC**

### Versatility

- Accept payments anywhere with **effortless pairing to Android and iOS devices**
- Expand your checkouts with **connectivity to an ECR or POS**
- **LED indicators** show charging/low-battery status, payment activity, and pairing activity
