

Dear Families,

In light of developing news around the coronavirus and potential school closures, we'll be utilizing our subscription to BrainPOP, a digital learning solution. We understand this is a stressful time for everyone and want to ensure as little disruption is caused to your children's learning as possible.

While your kids are home from school, use BrainPOP to continue exploring the topics they're covering in class, create coding projects, make movies, and play their favorite learning games.

To log in to your child's account, follow these easy steps:

1. Visit www.brainpop.com
2. Click **Log In** at the top right of the screen.
3. Select **Sign in with G Suite for Education**.
4. Select your child's Gmail account.

The screenshot shows a teal login modal window. On the left, there are two input fields: 'Username:' and 'Password:'. Below them is an orange 'Log in' button. On the right, under the heading 'Or, Sign in with:', there are two buttons: 'Clever' and 'G Suite for Education'. An orange arrow points to the 'G Suite for Education' button. At the bottom of the modal, there are links for 'Login help' and 'Subscribe'.

We hope to make this trying time as seamless as possible! Please feel free to reach out to me with any questions or concerns you might have.

Thank You,
