Drive achievement with BrainPOP

- Proven to boost state assessment scores
- Research-Based Design
- Meets ESSA Tier 2 requirements
- Awarded two certifications from Digital Promise
- Foster access and impact for all students
- Awarded the ISTE seal of alignment

School or district access is the best way to bring the full BrainPOP and BrainPOP Jr. experience to the classroom with:

- 1,200+ animated movies aligned with standards across all topic areas
- Built-in Pause Points for more active learning and formative assessment
- Access to customizable quizzes, learning activities, and games
- Timely topics including SEL and Digital Citizenship
- Assignment builder with share to Google Classroom
- Learner-driven creative tools like Make-a-Movie and Creative Coding
- Teacher, school, and district admin dashboards
- Embedded co-teacher support

With district access you'll also get:

- Custom professional development and curriculum alignments options
- A dedicated account manager to support your implementation

Both plans include support every step of the way with:

- Seamless LMS, SSO, and rostering integrations
- Grade-level lesson plans and teaching resources
- Built-in professional development and free webinars
