

BrainPOP

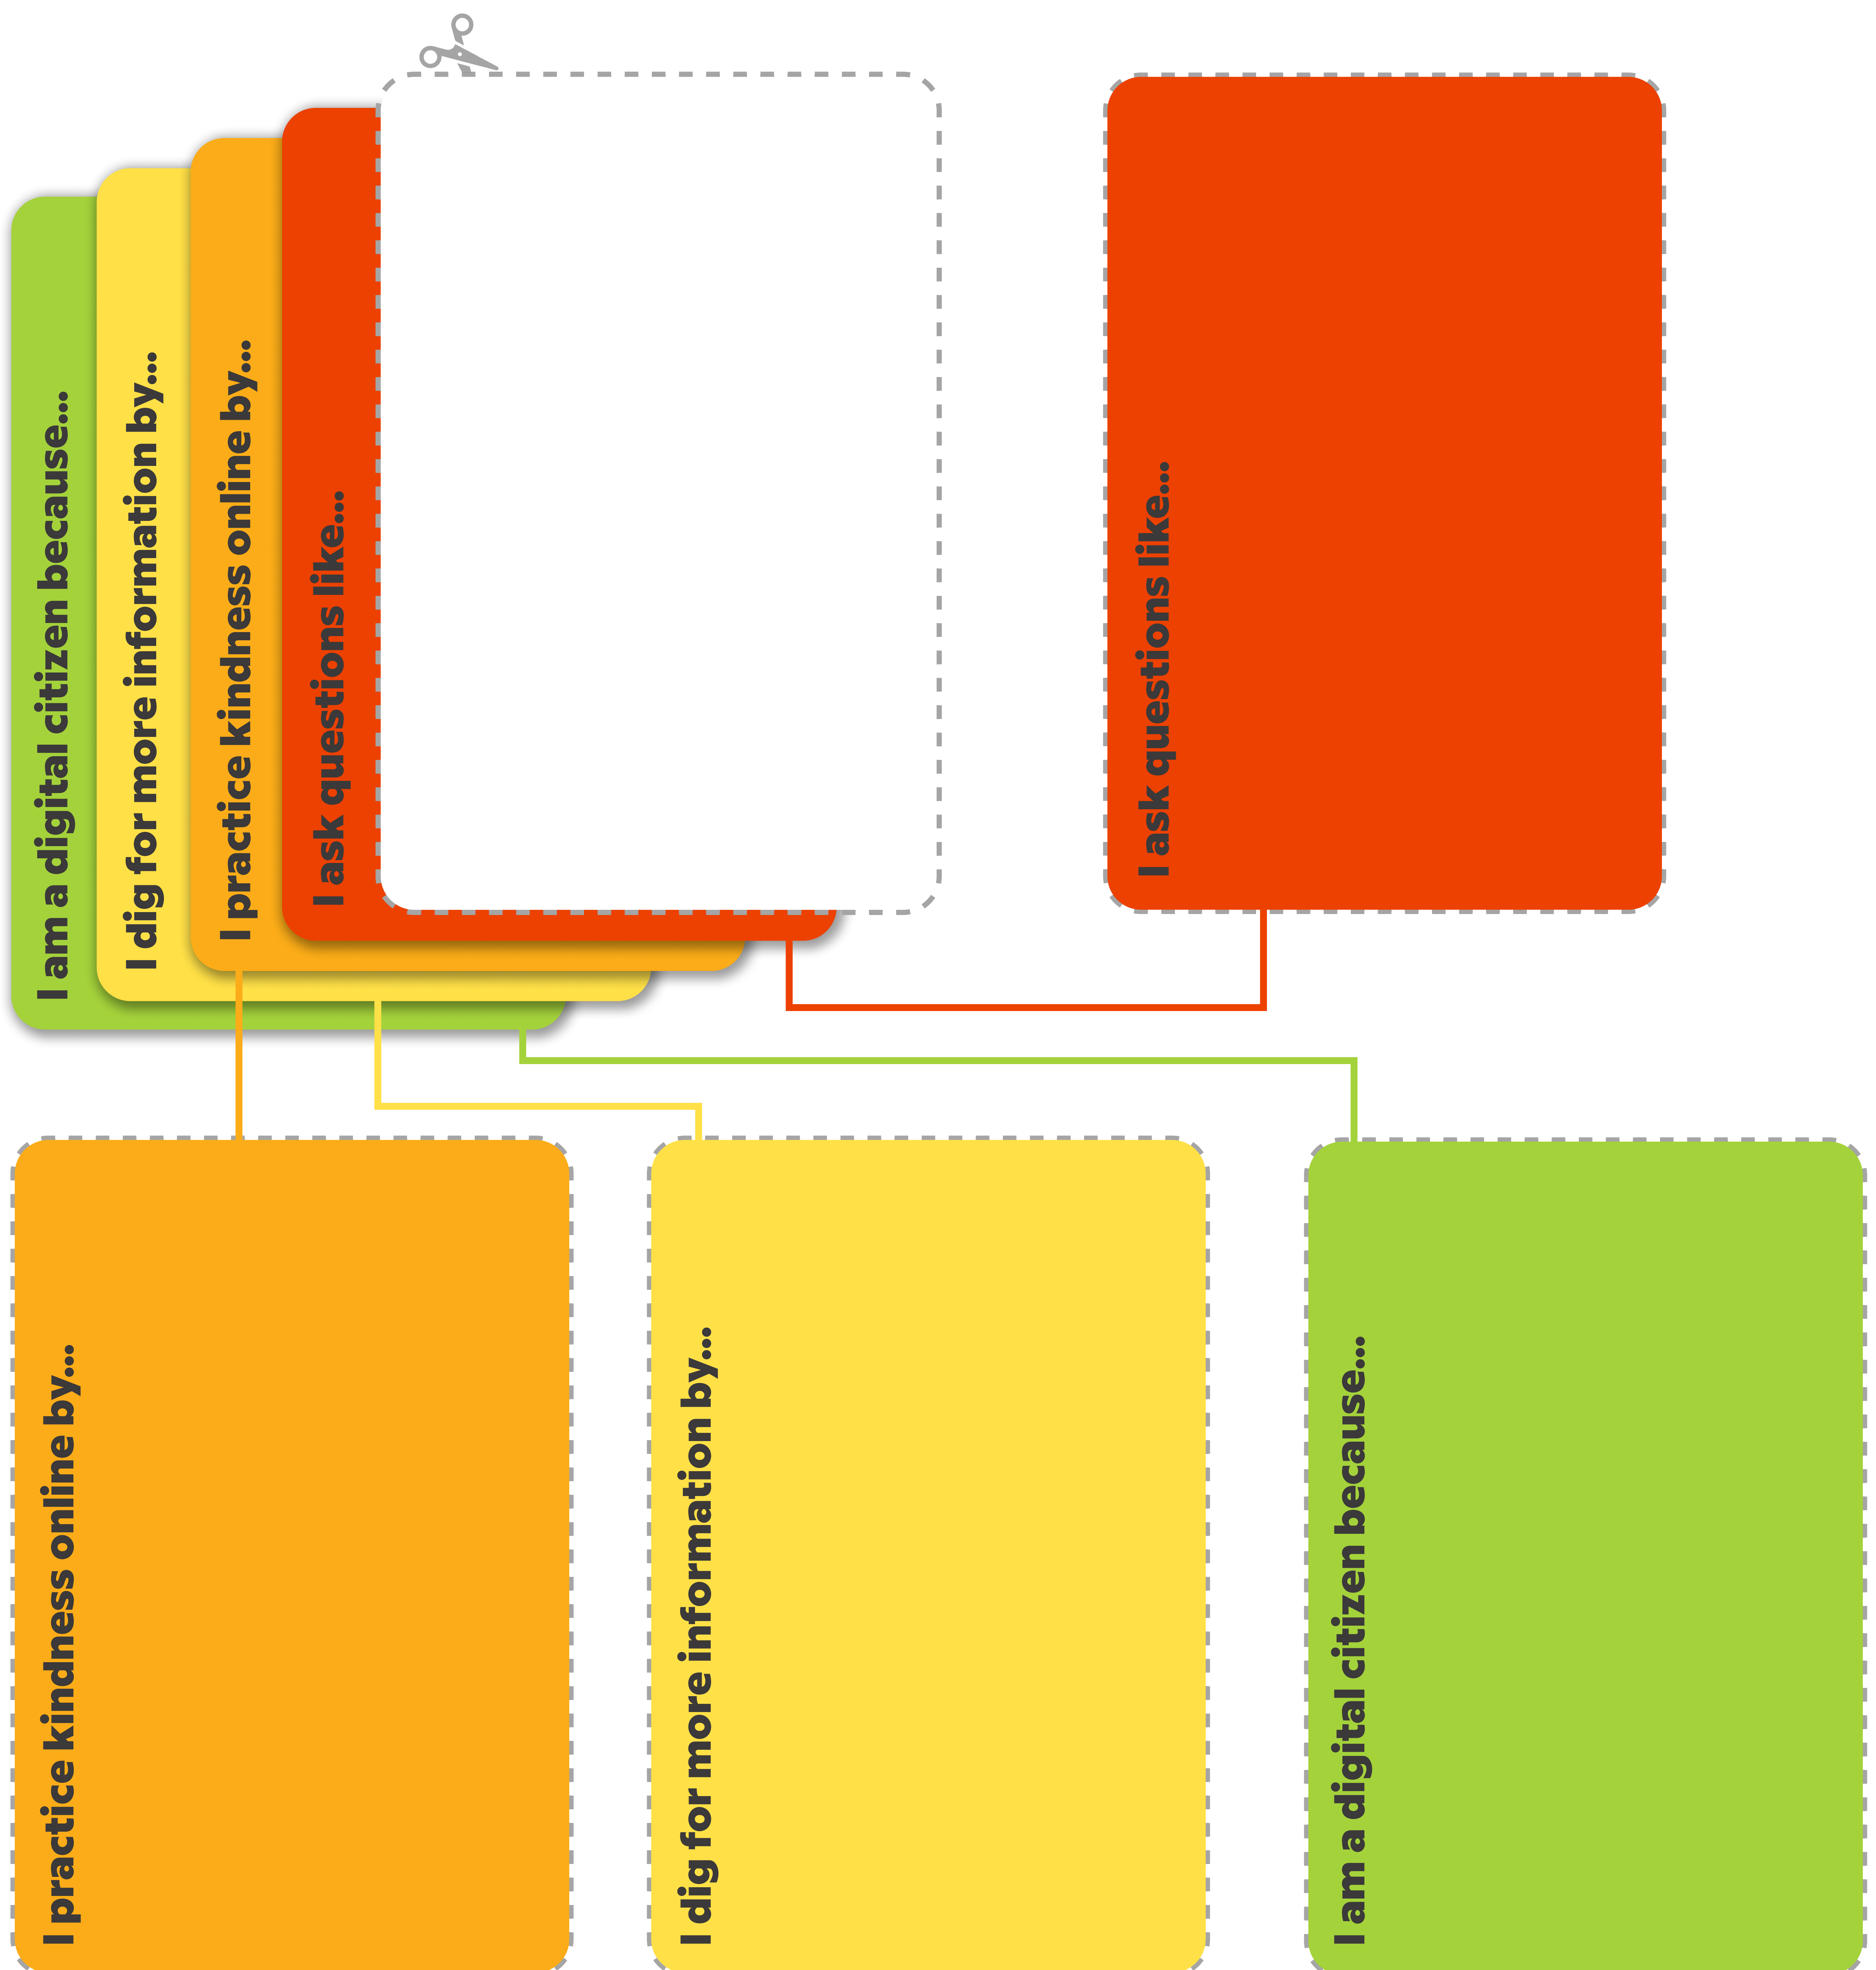

What's behind a digital citizen?

Instructions:

It takes more than introducing topics like privacy, online sources, or safety to help kids grow into good digital citizens. It takes skills like asking questions or practicing kindness.

Help your students understand the layers of skills behind digital citizenship with this activity.

- 1) Ask them to print out or draw a picture of themselves they'd like to put on display.
- 2) Cut out and paste the layers of a digital citizen behind their picture.
- 3) Fill in the blanks as a class and talk through why each habit is helpful in the online world.
- 4) Add any finishing touches, and your crafts are ready for display!
