

## LEAVE AT THE END OF THE DAY WITH YOUR CHARTS DONE

While other platforms require multiple screens for various tasks, AccuroEMR users can perform any task from any screen within a click or two. And *that* means there's time to call it a day.

## ACCURO EMR

### *One Click to Your Best Workflows*

Achieving a satisfying work/life balance can be a challenge. Completing patient charts will often take you well into the evening, affecting personal time and other commitments...

Welcome to the EMR built to support your workflows and increase the efficiencies of your practice.

As the #1 single-platform EMR in Canada, AccuroEMR is connecting Providers to their patients, every day.

## BY THE NUMBERS

## BILLING & SCHEDULING LIKE A BOSS

From Accuro's Billing screen, manage daily claims, review unsubmitted claims and errors and most importantly, take action to re-submit claims when needed. Accuro understands your workflows and provides full Accounts Receivable reporting on a per-Provider and group basis. Billing is tightly integrated into Accuro and as a result, no patient visit happens without a record.

### A Configurable Scheduler?

Absolutely. Accuro embeds *all* patient appointments as billable items; **Drag and drop** patients quickly into the Scheduler. Then, go ahead and save additional time by establishing appointment types that pre-load billing claims and include procedure codes.

**Simple solutions lead to powerful outcomes.**

## TIME-SAVING SUPPORT FOR SPECIALISTS

Built in collaboration with Specialists and their Associations across Canada, Accuro's Specialists' Database supports their unique workflows. Specialists can quickly access or build forms unique to their practice and automatically convert those forms to consult letters or requisitions. And, that's just the beginning.

**Accuro's Specialists' Database** is currently available for:

- ✓ Paediatrics
- ✓ OB/GYN
- ✓ General Surgery
- ✓ Rheumatology
- ✓ Orthopaedics
- ✓ Podiatry
- ✓ Endocrinology
- ✓ Coming soon:
  - Cardiology
  - Gastroenterology

"I knew that implementing Accuro EMR... Would not only facilitate efficiency of workflow, but would allow Physicians to make **informed decisions based on the bigger picture**. With a tailored system, enabling Physicians **to take control of the system**, we now have total care over each and every one of our patients."

DR. HAROLD NYHOF | VICE PRESIDENT, MEDICAL SERVICES

North Eastman Health Association (NEHA)

# MAKING THE MOVE TO ACCURO... SEAMLESS

## Welcome to the Most Successful Data Migration Team in the Country

The pathway to Accuro is guided by EMR Specialists Data Migration Teams and onsite Trainers who will guide your staff through all of the phases leading up to your successful EMR transition and beyond.

*We've got your back.*

### NOT A SINGLE ISSUE

*"When the actual transfer took place, the data migrated seamlessly and we have not had a single issue with the data as a result."*

DR. UMBERTO CELLUPICA | PAEDIATRICIAN & PARTNER  
Maple Kidz Clinic, Maple Ontario
