LIVENING UP YOUR LIVING SPACE !

Our collection is made up of “multi-faceted” items that change colour when viewed from different angles.

And so, by placing one and the same item at different angles, you can achieve a range of sophisticated nuances in a single space.

NO ROOM FOR BOREDOM !

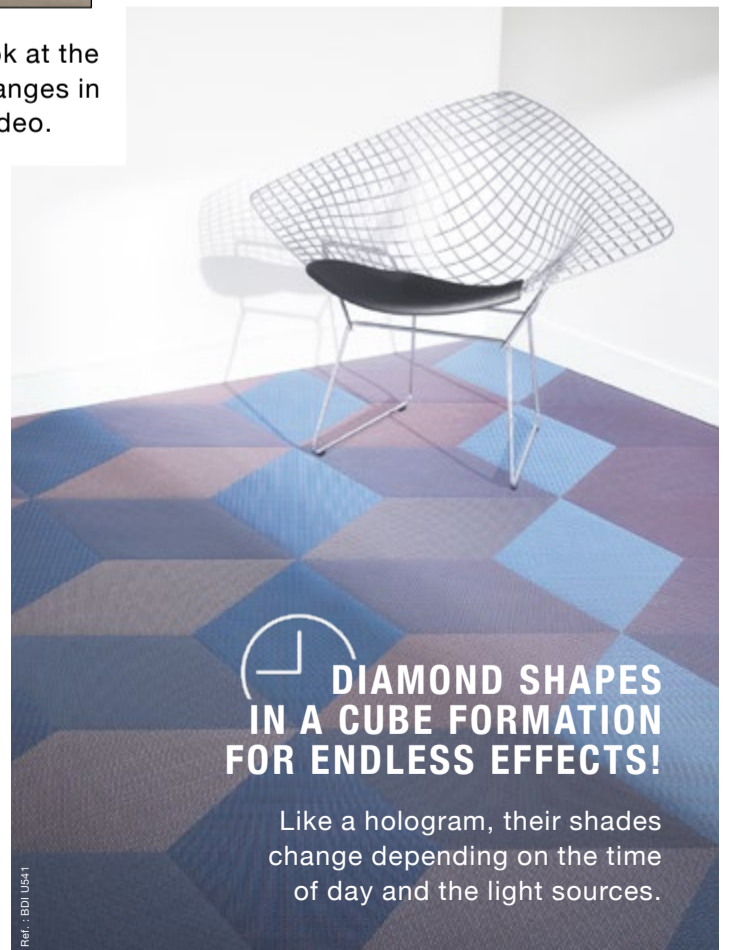

It's not always easy to choose from such a wide palette of colours and textures. But now you don't have to choose. Opt instead for our new “living” colours. Depending on the light, perspective and position, your floor comes to life with a wide array of nuances.
