Student & Family Testimonials

» Here's an example of ACE's mission in action:

"It was by chance that I attended a graduation ceremony at the little private Christian school in our rural town. I am a single mom and my son was entering the fifth grade. After visiting with several teachers and the board president, I was so impressed by their love and dedication to the students, but I had no idea how it would ever be possible for me to send my son to a place like this. After a couple of meetings and lots of consideration, they told me about ACE and the different ways they could ensure a place for my son! That was five years ago. Because of this scholarship, my son has attended a wonderful school where he has been taught, nurtured, and loved. He is now growing into a wonderful young man. Our school and the opportunity to attend there have truly changed both of our lives!"

Every gift provides an opportunity for a student to learn more, achieve more, and begin writing his or her own success story.
