Student & Family Testimonials

» Here's an example of ACE's mission in action:

Knox's story begins in Walker, Louisiana. His father passed away a few years ago, leaving his mom as the sole provider for Knox and his older brother. As a single parent, Knox's mom works far longer than 9 to 5 at a job across town just to pay the bills. Knox's mom wants to give her boys every opportunity in life, and she knows that begins with a good education. Unfortunately, they live in a school district that does not give parents a choice to decide what is best for their kids. Even though she works hard, Knox's mom feared she would never be able to send him to a private school that would fit his needs. That's where ACE came in. Today, because of her perseverance and partnership with ACE Scholarships Louisiana, Knox is thriving in Kindergarten. He is learning to read and is developing critical math and science skills that will allow him to pursue the American Dream.

Every gift provides an opportunity for a student to learn more, achieve more, and begin writing his or her own success story.
