

## THE TURQUOISE COAST

Jurien Bay is surrounded by the scenery of the spectacular Turquoise Coast. This laid back coastal community is not a suburban destination. You won't be seeing high rise buildings or hundreds of cars or people, making it the most exclusive destination to beach skydive!

During your skydiving adventure you will enjoy the varying colours of the stunning landscape, especially in wildflower season, views of the Pinnacles Desert and Nambung National Park, Boullanger, Whitlock and Escape Islands and of course the colourful turquoise waters of the Indian Ocean.
