

Student loan comparison. Made simple.

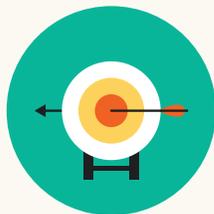

Credible is the only loan comparison tool that enables parents and students to compare unbiased, personalized, and prequalified rates.

Here are **3 key reasons** to make Credible's marketplace available on your financial aid office's website:

ONE-STOP-SHOP

In 2 minutes, students and their families can complete a single application and receive real rates from multiple lenders. This means a more efficient process and fewer questions and phone calls to your financial aid office.

SPEED & CERTAINTY

In a stressful time for families, Credible presents prequalified rates to quickly provide confidence that they can qualify for a rate, take out a loan, and get their student on the way to college.

BETTER OUTCOMES

Nine out of ten student loans are co-signed. So our technology enables students to invite co-signers to join their application, and even compare co-signers to ensure they get the best rate.

It's as easy as 1 - 2 - 3
