

WARD 6 - FALL 2025 NEWSLETTER

Thank you

On a personal note, my family and I would like to thank everyone for their incredible support on the loss of our son Michael this year. It has been a very challenging year but your support has helped us find strength throughout this life changing ordeal.

*Spring Ice Storm 2025 -
West of Dunsford*

The ice storm of late March was an ordeal that we all had to endure. Power was off for weeks at a time in the area and damage was widespread. There is lots of work to be done still to this day in clean up but thank you to our public works, hydro and first responders as well as our citizens who made it through this crisis. We all learned a great deal about emergency preparedness.

Rural Resurfacing

2025 saw another record year in Rural resurfacing, gravelling and lifecycle extension projects in Ward 6.

I will continue to advocate for you in getting better roads and infrastructure. I am also a member of the Roads Task Force who are holding meetings in Little Britain, Coboconk and Dunsford, listening to people on how to improve how we deliver services and determine which roads to improve.

Ski Hill Road

*Laird Drive
Pickerel Point*

Work is done in Snug Harbour, Pickerel Point, Ski Hill Road and Peace Road.

The Emily Omemee Community Centre has received its first major upgrade in over 50 years. A new ice plant, interior renovation of the arena as well as upstairs community room and new entrance totalling \$3 Million in investment. Also a complete exterior restoration of Coronation Hall.

Miranda Zeppieri
Battlefield Bike Ride

This year marked the 200th year of the Peter Robinson Settlers to the Downeyville area. An incredible history of our pioneers who came from Ireland and settled in the central part of Ward 6.
